

# MAJOR PARTIES ARE HARD HIT FOR FINANCES

Campaign This Year To Set New Record For Economy.

## ROW IS KICKED UP Democratic Headquarters Stirred Over Publication of Statement.

Washington, Oct. 27.—The 1922 campaign now drawing into its final stages, probably will set a new record for economy of expenditure by both major parties: it was predicted by party leaders in the capital today.

Not a sudden attack of political conscience, but grim necessity has dictated this situation. The financial wizards of both Democratic and Republican organizations have been unable to pry the usual "angels" loose from the fat checks of yesterday years.

The Democratic attribute their inability to raise funds to the numerous factional rows and personal differences that arose during the 1920 campaign, and which remain unhealed to the present time, two years later. The Republicans attribute their lack of persuasive powers to old "general apathy" among the electorate.

Both parties are in bad shape financially. This is candidly admitted by both Democratic and Republican spokesmen. The Democrats closed the 1920 campaign with a deficit of a quarter of a million dollars, and this still remains despite the strenuous efforts of the party managers to write it off. The Republicans closed the campaign with a deficit of approximately a million and a half. This has been largely written off in the two years the Republicans have been in power, but enough of it remains to worry the leaders.

The Democrats have spent but \$100,000 this year in their efforts to wrest control of Congress from the Republicans. The Republican statement yet to be made, probably will not reveal a much greater expenditure.

A fine young quar has been kicked up in Democratic quarters by the publication of the expense statement and the names of the contributors.

Two statements were issued in Washington bearing on this. One was put out by the Democratic national committee, and merely listed the amounts spent and names of the contributors. The other statement was put out by sources that are considered "pro Wilson" and not only named the contributors but called specific attention to those former office holders under Mr. Wilson, who did not contribute one penny to the general democratic war chest this year.

The statement called specific attention to "the following outstanding prominent members of the Wilson administration not on the list of contributors." It then proceeded to name William J. Bryan, Robert Lansing, Bainbridge Colby, Davis F. Houston, Lindley M. Garrison, Albert Burleson, William C. Redfield, J. C. Alexander, John Barton Payne, Edward M. Meredith, and W. B. Wilson, all cabinet members.

Thomas Nelson Page, James W. Gerard, Ira Nelson Morris, Pleasant Stovall, Paul Reinsch and W. S. Sharpe.

Attention was also invited to the fact that James M. Cox, candidate for the presidency in 1920 was not a contributor. Neither was the name of former Vice President Thomas R. Marshall listed.

This statement caused considerable stir in the Democratic National Committee whose duty it is to heal party wounds, not to throw salt in them. There were indications today that the last had not been heard from this statement.

## DAUGHERTY MAY INVESTIGATE CAMP

Washington, Oct. 27.—Investigation of Camp Sherman and other war-time cantonments construction fraud cases has been completed, Attorney General Daugherty announced, although he would not say when prosecutions, criminal or civil, would be launched.

Report of the investigation conducted by former Congressman Roscoe McCullough of Canton was submitted to Daugherty a few days ago. Daugherty has completed study of it and likewise digested McCullough's recommendation.

Before any action is taken a test case will be tried before the department of justice special board of war frauds investigators to determine whether possible suits to be filed will stand the acid test of trial courts.

All Women on Jury.

Toledo, Oct. 27.—The first all-women jury in the history of Lucas county is sitting in a trial in progress here. Although women previously have appeared on juries this is the first panel to consist entirely of the fair sex. The jury is trying a suit involving transfer of property.

# CIVIL WAR CLOUDS HANG LOW OVER ITALY WHILE FASCISTI SEEK CONTROL

Resignation of Facta Ministry Results in Serious Situation as Rumors Heard That Army Marching Upon Rome—King Intercedes.

Rome, Oct. 27.—Civil war clouds hung ominously low over Italy today while leaders of the Fascisti were clamoring for control of the new government which will succeed the Facta ministry that resigned last night.

A wave of excitement swept through the city following a rumor that a Fascisti army was marching upon Rome to take over the government by force. There was no confirmation of this report and finally the people's fears died down.

King Victor Emmanuel was reported on his way to Rome to intercede in the government crisis. It was generally anticipated that former Premier Giolitti would be invited to form a new cabinet with the assistance of a number of important posts would be offered to the Fascisti.

If the Giolitti-Orlando combination falls, deputy Mussolini, spokesman for the Fascisti in the chamber of deputies, may be called upon to form a government.

Signor Bianci, secretary of the Fascisti claims that deputy Mussolini must be premier if a catastrophe is to be averted. The general opinion is that either Giolitti or Orlando would be premier with four or five important portfolios held by Fascisti members.

All of city and suburbs are entrenched. Earthworks have been thrown up around the suburbs. Thousands of troops have been massed in and around Rome. All the roadways leading into the city are under military guard. The public buildings, the banks and streets flanking the Vatican are under military patrol.

Light artillery and flame throwers have been concentrated. Machine guns have been placed at strategic points.

Military airplanes are keeping watch for concentrations of nationalists (fascisti).

The fascisti was organized about two years ago. It is composed largely of young ex-soldiers. Its formation came about at a time when Italy was in the throes of labor troubles and the chief object of the organization was to combat the socialists and communists and to prevent the government from becoming "red". Since then the fascisti has become a power in politics and is now demanding control of the government.

Searching Squads Restored.

New York, Oct. 27.—Re-establishment of customs searching squads for the purpose of enforcing the Volstead act and curbing the activities of smugglers of jewelry, narcotics and other contraband was announced by the customs service. Persons on various ships smuggled contraband valued at more than \$2,000,000 into the country during the year, customs officials said. The smuggled goods included 150,000 bottles of whiskey. The old searching squads were abolished several months ago.

## Harding Administration Praised By Judge Gary

Chairman of U. S. Steel Corporation in Address at New York Declares Country is Not Yet Back To Normalcy.

New York, Oct. 27.—Normal conditions in the United States have not yet been fully restored and are not likely to be unless extraordinary effort are made, declared Judge Elbert H. Gary, chairman of the U. S. Steel Corporation and president of the American Iron and Steel Institute at the annual meeting of that body today. The country is at present suffering from the high cost of living, he declared, to which profiteering and labor disputes, "temporary relapses of the war fever," have further complicated the return to normalcy.

Judge Gary selected as his topic the question of supply and demand upon which he declared our entire economic foundation is predicated. He touched on a wide field of topics covering economic conditions both at home and abroad.

Judge Gary vigorously opposed the cancellation of the foreign debts owed to this country, lauded President Harding for the conduct of his administration, said that the steel industry is in a healthy condition but expressed concern over the growing labor shortage, advocated the fullest use of public in all departments of economic life which affect the public and voiced the hope that a conference would be called in Washington for the frank discussion of all financial, commercial and industrial questions

## FIGURES IN MURDER MYSTERY

Wilbur A. Mott, former prosecutor of Essex County, N. J., has been named by Attorney General McCran to take charge of the investigation into the mysterious murders of Rev. Edward Wheeler Hall and Mrs. Eleanor Mills, his "Wonder Heart" choir leader at New Brunswick, N. J., Mrs. E. Barnhart sister of Mrs. Mills is reported to have told the authorities Mrs. Mills had confessed to her infatuation for the rector and of her intention to elope to Japan. Barbara Tough, upstairs girl in the Hall mansion denies the rector's millionaire wife told her hours before the bodies were found, that Dr. Hall was dead.

## WITNESS OF DOUBLE MURDER SAW WOMAN WEeping OVER BODIES

Mrs. Jane Gibson Tells Incident During Night of Crime In New Jersey—Clears Up Another Point In Mystery.

By MRS. JANE GIBSON  
New Brunswick, N. J., Oct. 27.—I am the witness of the Hall-Mills two-fold crime. The murderers were two—a man and a woman. The woman I have definitely identified as a woman who stood out most prominent in the suspicion from the first. She is—(here Mrs. Gibson named a woman who has been under suspicion.)

By the light of a tardy moon, I saw that woman bend over the bleeding bodies of Dr. Edward W. Hall and Mrs. Eleanor Mills and weep convulsive tears. I heard the woman sobbing beneath the crab apple tree—until dangerously late.

An hour earlier I heard that same woman scream in a loud, angry manner:

"Explain these! Explain these!" Then I heard the mumbled quarrelling of four persons—two men and two women. Soon I heard one shot and the terrified cry of another woman—that of Mrs. Mills, I am sure—crying:

"Oh, please, please!" There was no more talking but very soon I heard three more shots. The most important thing I have to say here is something that I have not even revealed to the prosecutors. It is this: "I returned to the scene of the murders after midnight of Sept. 14. I returned to search for a moccasin which I discovered I had lost on my way home. The moccasin was a gift from a dead friend and I did not wish to lose it."

I waited at home for an hour before I got up the courage to return. When I came near the spot where I thought the shots had been fired, I gave up the search for the moccasin and cut into the field near the Phillips farm. I tied June (the mule she was riding) to a stub and walked in the direction from which I had heard the shots.

A woman's convulsive sobbing soon brought me to a stop. It was now about 1 o'clock and the moon was out. I had no flashlight but could easily discern the same woman I had seen earlier in the evening. She had the same light hair and wore the same light colored coat and no hat. She was kneeling over two dark objects sobbing as though her heart would break. I did not know until Saturday morning that the prone forms were the dead Rev. Hall and Mrs. Mills but the sobbing was beneath the crab apple tree.

It was evidently she who closed the eyelids of the minister, a fact which has been much commented on. I have not identified the man of the murder party. He had more hair and was bigger than the man under suspicion. (Here Mrs. Gibson named a person who has furnished an alibi.) He had a higher forehead than another suspect.

## GRILLING FAILS TO SOLVE CRIME

Painesville, O., Oct. 27.—Questioning of Henry J. Burns, accused of the brutal murder of his wife, Mrs. Mary Burns, 29, was resumed this morning by Prosecutor Ralph M. Ostrander and his assistants, after almost 25 hours continuous grilling had failed to wring from him confession of guilt, although the prosecutor claimed that he made many conflicting statements.

The report of the autopsy upon the remains of Mrs. Burns, made yesterday, revealed, according to Prosecutor Ostrander, that she had been beaten into unconsciousness, then dragged two hundred feet or more and still alive, buried in the shallow grave where she was found Wednesday by chestnut hunters in the B. and O. woods five miles northwest of this city.

## CROSSING CRASH CLAIMS 5 VICTIMS

Napoleon, O., Oct. 27.—Five persons were killed at Holgate, ten miles south of here early today, when the automobile in which they were riding was struck by a B. & O. freight train at an ungarded crossing. The dead:

Virgil Brown, 18, Thelma Stimet, 18, Larry Schwab, 16, Cecilia Royal, 15, and John Royal, 14.

The young people, all residents of New Bavaria, were returning to their homes there from a party at Holgate. The bodies were terribly mutilated.

## REDS NOW CONTROL VLADIVOSTOK; LAST OF JAPANESE LEAVE

Tokyo, Oct. 27.—Japan has completed the evacuation of Siberia.

As the fleet of 10 Japanese transports steamed from Vladivostok harbor, yesterday, bearing away the last of the mikado's soldiers and leaving the Primoria in the hands of the Reds, Japan closed her books on her adventure on the Siberian mainland, with a total on the debit side of upwards of 1,500,000,000 yen.

Added to this drain on the government's exchequer, there is a loss to Japanese farmers and business men, who abandoned their holdings as the soldiers withdrew, which will run into millions. The actual cost of the final evacuation itself was 500,000 yen.

A year ago there were 10,000 Japanese civilians on the Siberian mainland. Today there are less than 2,000, of whom 1,500 still are in Vladivostok and a few hundred in the interior. Three empty transports ride at anchor in the harbor to carry these away if it becomes necessary or desirable.

The closing scenes of the evacuation were accomplished without undue disorders, according to official advices received here. Representatives of the soviet government of Moscow and of the far eastern republic of Siberia took over from the Japanese the keys of the warehouses containing arms. The mikado's troops fled up the gangplanks of the transports and sailed away, while ashore a lonely Japanese officer, wearing the last Nipponese uniform left in the city, officially presided at the transfer of the much-discussed stores of munitions.

The foreign office denies charges made in a note sent to Tokyo by the Moscow and Chita governments that White guards had looted Vladivostok with Japanese connivance. Officials here say that this statement, and that, aside from incidental robberies natural in a situation in which Russians were fighting Russians, together with trade depression caused by the uncertain political situation, nothing untoward had occurred.

## OHIO AND MICHIGAN COAL HEADS TO MEET

Columbus, Oct. 27.—Fuel Administrator Potter of Michigan will come here Tuesday for a conference with Fuel Administrator Neal.

The conference is to discuss the possibility of making uniform regulations governing fuel prices and coal operators in the two states.

Heavy shipments of Ohio coal into other states were reported by Neal, who said they were being made under contracts entered into prior to the passage of the fuel control measure, and consequently are legal.

Conditions cited by Hocking valley residents, where a mine, supplying fuel for railroad use, was able to operate on full time last week, while another mine in the same district was operated only one day, also were confirmed by Neal.

This is not a new situation, according to coal producers. The railroads under car assignment rules of the interstate commerce commission are permitted to take care of their own needs first, and as the railroads usually purchase the entire output of a mine it enables these companies to work full time. A protest against the rule has been filed by operators with the interstate commerce commission and a hearing will be conducted Nov. 14.

## Charged With Slaying Son.

Lancaster, O., Oct. 27.—The Fairfield county grand jury returned an indictment charging second degree murder against Willis Tipton, 26, laborer, of Bremen, for the alleged slaying of his 5-months-old child. Tipton is alleged to have plunged a table knife into the child's head. He is also under indictment for assault to kill his wife.

## Injuries Prove Fatal.

Columbus, Oct. 27.—Injuries received in an automobile accident caused the death of Mrs. Clara A. Chestnut, 76, widow of Daniel Chestnut, former police court clerk. Mrs. Chestnut received a broken leg and internal injuries when she was knocked down.

# INDICTMENTS IN DOUBLE MURDER CASE EXPECTED

Sufficient Evidence Ready In Hall-Mills Crime In New Jersey.

## WITNESS IS SOUGHT

Two Are Named By Woman an Eye Witness of Shooting.

New Brunswick, N. J., Oct. 27.—Deputy Attorney General Wilbur A. Mott, chief of the investigators of the murder of Rev. Dr. Edward W. Hall, rector of the Protestant Episcopal Church of St. John the Evangelist, and the beautiful choir singer, Mrs. James Mills, declared today that he had obtained sufficient evidence to secure the indictment of one or two persons by the grand jury. "It is easy to get indictments," said Mott.

Widespread search was being made today for an important missing witness in the mysterious double murder. He is believed to have fled from the state.

It was understood that the disappearance of this man was the only thing that stood in the way of the arrest of at least one or two persons in connection with the crime.

County Detectives said that they hoped to have in their possession before night the high powered automobile which carried the murderer or murderers to the scene of the crime.

Ralph V. M. Gorsline, vestryman in the slain rector's church, who could not be located last night returned home today. It was believed he would be summoned for questioning some time this afternoon. Gorsline denied that he was at the scene of the murder as has been reported. He said that he had an alibi accounting for his whereabouts.

New Brunswick, N. J., Oct. 27.—The man and woman named in the sworn statement of Mrs. Jane Gibson, self-styled eye-witness of the double slaying of the Rev. Edward W. Hall and Mrs. Eleanor R. Mills, on the night of Sept. 14 last, are Mrs. Frances Stevens Hall, widow of the slain rector, and her brother, Henry Stevens.

The announcement became known through the issuance of a statement by Mrs. Hall's attorney, Timothy N. Pfeiffer, denying the facts of Mrs. Gibson's account and declaring that neither the rector's widow nor her brother was on the Phillips farm on the night of the double slaying.

"Mrs. Gibson's statements are contrary to the facts," Mr. Pfeiffer said. "Mrs. Hall was in her home all evening. Barbara Tough, one of the maids, was out that night and Louisa Geist, the other maid, was on the back stoop. There was no one else but a little 7-year-old niece in the house with Mrs. Hall. But there may have been one visitor."

"Henry Stevens' identification as one of the quartet seen on the farm also is contrary to fact. Henry was at Lavallette, N. J., all that night."

Mrs. Gibson, in her statement, it is known, declared that she had seen four persons on the night of the murders under the crabapple tree, where two days later the bodies of the rector and the choir singer were found.

Mrs. Gibson also said in her statement that she heard the man, whom she alleges she saw fire a series of shots at the rector and the choir singer, addressed by his companion.

The cries of Mrs. Mills, which Mrs. Gibson declared "still ring in my ears at night," had hardly echoed, the woman farmer said, when the second woman in the quartet screamed in a terrified tone, "Oh, Henry!"

## DECEIT ALLEGED BY THOMPSON

New Philadelphia, O., Oct. 27.—Carmel A. Thompson, Republican candidate for governor speaking in the home city of his opponent, Vic Donahy, charged the latter with another instance of trying to deceive the voters. He said Donahy is making the statement that the present Republican administration, in the year 1922, has expended \$18,000,000 more than was expended by Governor Cox in 1920. Thompson added: "Why does he not frankly inform the people that of this \$18,000,000, in round numbers, \$9,000,000 was received by the state as trustee for the use of the common schools of the state and has been turned back to the common school districts, and \$10,000,000 spent on highways?"

MAJOR PARTIES  
ARE HARD HIT  
FOR FINANCES

Campaign This Year To  
Set New Record For  
Economy.

ROW IS KICKED UP  
Democratic Headquarters  
Stirred Over Publication  
of Statement.

Washington, Oct. 27.—The 1922  
campaign now drawing into its final  
stages, probably will set a new re-  
cord for economy of expenditure by  
both major parties it was predicted  
by party leaders in the capital to-  
day.

Not a sudden attack of political  
conscience, but grim necessity has  
dictated this situation, it was ad-  
mitted by party leaders. The financial  
wizards of both Democratic and Re-  
publican organizations have been un-  
able to pry the usual "angels" loose  
from the fat checks of yesterday.

The Democratic attribute their in-  
ability to raise funds to the numer-  
ous factional rows and personal dif-  
ferences that arose during the 1920  
campaign, and which remain unheal-  
ed to the present time, two years lat-  
er. The Republicans attribute their  
lack of persuasive powers to old  
"general apathy" among the elector-  
ate.

Both parties are in bad shape fi-  
nancially. This is candidly admitted  
by both Democratic and Republican  
spokesmen. The Democrats closed  
the 1920 campaign with a deficit of  
a quarter of a million dollars, and  
this still remains despite the stren-  
uous efforts of the party man-  
agers to write it off. The Republicans  
closed the campaign with a deficit  
of approximately a million and a  
half. This has been largely written  
off in the two years the Republicans  
have been in power, but enough of it  
remains to worry the leaders.

The Democrats have spent but  
\$100,000 this year in their efforts  
to wrest control of Congress from  
the Republicans. The Republican  
statement yet to be made, probably  
will not reveal a much greater ex-  
penditure.

A fine young row has been kicked  
up in Democratic quarters by the  
publication of the expense state-  
ment and the names of the contribu-  
tors.

Two statements were issued in  
Washington bearing on this. One  
was put out by the Democratic na-  
tional committee, and merely listed  
the amounts spent and names of the  
contributors. The other statement  
was put out by sources that are con-  
sidered "pro Wilson" and not only  
named the contributors but called  
specific attention to those former of-  
fice holders under Mr. Wilson, who  
did not contribute one penny to the  
general democratic war chest this  
year.

The statement called specific at-  
tention to "the following outstanding  
prominent members of the Wilson ad-  
ministration not on the list of con-  
tributors." It then proceeded to name  
William J. Bryan, Robert Lansing,  
Bainbridge Colby, Davis F. Houston,  
Lindley M. Garrison, Albert Burleson,  
William C. Redfield, J. C. Alexander,  
John Barton Payne, Edward Mer-  
edith, and W. B. Wilson, all cabinet  
members.

Former Ambassadors  
Thomas Nelson Page, James W.  
Gerard, Ira Nelson Morris, Pleasant  
Stovall, Paul Reinsch and W. S.  
Sharpe.

Attention was also invited to the  
fact that James M. Cox, candidate  
for the presidency in 1920, was not a  
contributor. Neither was the name  
of former Vice President Thomas  
R. Marshall listed.

This statement caused considerable  
stir in the Democratic National Com-  
mittee whose duty it is to heal par-  
ty wounds, not to throw salt in them.  
There were indications today that the  
list had not been heard from this  
statement.

DAUGHERTY MAY

criminal or civil, would be launched.

by former Congressman Roscoe  
McCullough of Canton was submitted  
to Daugherty a few days ago. Daugh-  
erty has completed study of it and  
likewise digested McCullough's recom-  
mendation.

frauds investigators to determine  
whether possible suits to be filed will

EYE WITNESS TELLS  
OF MAN'S MURDER

Cleveland, Oct. 27.—Mrs. Mabel C.  
Champion, pretty 22 year old Texas  
girl, fired three shots and killed  
Thomas A. O'Connell, in the Downing  
restaurant on Euclid Avenue on the  
morning of July 27, William H.  
Conklin, former cashier of the res-  
taurant, and the state's star witness  
testified today.

Conklin gave a vivid eye witness  
account of the killing. He told of  
seeing O'Connell walk to the table  
at which Mrs. Champion was sitting  
with her husband and another  
couple, heard an altercation, saw  
blows exchanged between Augley  
Champion, husband of the defend-  
ant, and O'Connell, heard a cry of  
"don't shoot" while he was tele-  
phoning for the police.

"Then, as I turned to look, I heard  
a man's voice say, 'shoot the—'  
"I saw Mrs. Champion fire three  
shots, and O'Connell dropped to the  
floor."

Harding Administration  
Praised By Judge Gary

Chairman of U. S. Steel Corporation in Address at New  
York Declares Country is Not Yet Back  
To Normalcy.

New York, Oct. 27.—Normal con-  
ditions in the United States have not  
yet been fully restored and are not  
likely to be unless extraordinary ef-  
forts are made, declared Judge Elbert  
H. Gary, chairman of the U. S. Steel  
Corporation and president of the  
American Iron and Steel Institute at  
the annual meeting of that body to-  
day. The country is at present suffer-  
ing from the high cost of living, he  
declared, to which profiteering and  
labor disputes, "temporary relaxes  
of the war fever," have further com-  
plicated the return to normalcy.

Judge Gary selected as his topic  
the question of supply and demand  
upon which he declared our entire  
economic foundation is predicated.

He touched on a wide field of topics  
covering economic conditions both at  
home and abroad.

Judge Gary vigorously opposed the  
cancellation of the foreign debts owed  
to this country, lauded President  
Harding for the conduct of his ad-  
ministration, said that the steel in-  
dustry is in a healthy condition but  
expressed concern over the growing  
labor shortage, advocated the fullest  
use of publicity in all departments of  
economic life which affect the public  
and voiced the hope that a conference  
would be called in Washington for  
the frank discussion of all financial  
commercial and industrial questions

people's fears died down.

King Victor Emmanuel was reported  
on his way to Rome to intercede  
in the government crisis. It was gen-  
erally anticipated that former Pre-  
mier Giolitti would be invited to form  
a new cabinet with the assistance  
of former Premier Orlando and that

be offered to the Fascisti.

If the Giolitti-Orlando combination  
falls deputy Mussolini, spokesman  
for the Fascisti in the chamber of  
deputies may be called upon to form  
a government.

Signor Bianci, secretary of the Fac-  
isti claims that deputy Mussolini  
must be premier if a catastrophe is  
to be averted. The general opinion is  
that either Giolitti or Orlando would  
be premier with four or five impor-  
tant portfolios held by Fascisti mem-  
bers.

All of city and suburbs are en-  
trenched. Earthworks have been  
thrown up around the suburbs.  
Thousands of troops have been mas-

roadways leading into the city are  
under military guard. The public  
buildings, the banks and streets

guns have been placed at strate-  
gic points.

largely of young ex-soldiers. Its  
formation came about at a time  
when Italy was in the throes of  
labor troubles and the chief object  
of the organization was to combat  
the socialists and communists and  
to prevent the government from be-  
coming "red". Since then the fac-  
sisti has become a power in politics  
and is now demanding control of the  
government.

Searching Squads Restored.  
New York, Oct. 27.—Re-establish-  
ment of customs searching squads for  
the purpose of enforcing the Volstead  
act and curbing the activities of smug-  
glers of jewelry, narcotics and other  
contraband was announced by the  
customs service. Persons on various  
ships smuggled contraband valued at  
more than \$2,000,000 into the country  
during the year, customs officials said.  
The smuggled goods included 150,000  
bottles of whiskey. The old searching  
squads were abolished several months  
ago.

WOMAN WEeping OVER BODIES

Mrs. Jane Gibson Tells Incident During Night of Crime  
In New Jersey—Clears Up Another Point  
In Mystery.

By MRS. JANE GIBSON  
New Brunswick, N. J., Oct. 27.—I  
am the witness of the Hall-Mills  
two-fold crime. The murderers were  
two—a man and a woman. The woman  
I have definitely identified as a  
woman who stood out most promi-  
nent in the suspicion from the first.  
She is—(here Mrs. Gibson named a  
woman who has been under suspi-  
cion.)

BRITISH POLITICAL  
CAMPAIGN REACHES  
SECRET DIPLOMACY

Tories Make Definite Over-  
tures for Coalition  
With Liberals.

London, Oct. 27.—The British po-  
litical campaign reached the stage of  
"secret diplomacy" today. There is  
ground for belief that conservatives  
(Tories) are making definite over-  
tures for a coalition with a faction of  
the Liberal party.

The Westminster Gazette makes  
the direct charge that some of the  
old Coalition-Liberal members al-  
ready have entered into a secret agree-  
ment with conservatives for the di-  
viding up of constituencies, thus hop-  
ing to obtain a return of Coalition-  
Liberal members, who will support  
Premier A. Bonar Law's policies.

Premier Law's statement of policy  
—the three chief features of which  
were reform of foreign commitments,  
peace and economy—did not meet  
with a very enthusiastic reception to-  
day. There was a feeling in some  
quarters that Lloyd George had "beat  
the new premier to it," in announc-  
ing a political slogan catching the pub-  
lic's attention.

The Daily Express, chief newspa-  
per supporter of Premier Law, de-  
clared that the people must demand  
evacuation of the Near East in order  
to insure the carrying out of such a  
policy as Mr. Law outlined.

GRILLING FAILS  
TO SOLVE CRIME

Painesville, O., Oct. 27.—Question-  
ing of Henry J. Burns, accused of the  
brutal murder of his wife, Mrs. Mary  
Burns, 29, was resumed this morning  
by Prosecutor Ralph M. Ostrander  
and his assistants, after almost 25  
hours continuous grilling had failed  
to wring from him confession of guilt,  
although the prosecutor claimed that  
he made many conflicting statements.

The report of the autopsy upon the  
reains of Mrs. Burns, made yester-  
day revealed, according to Prosecutor  
Ostrander, that she had been beaten  
into unconsciousness, then dragged  
two hundred feet or more and still  
alive, buried in the shallow grave  
where she was found Wednesday  
chestnut hunters in the B. and O.  
woods five miles northwest of this  
city.

By the light of a tardy moon, I  
saw that woman bend over the bleed-  
ing bodies of Dr. Edward W. Hall  
and Mrs. Eleanor Mills and weep  
convulsive tears. I heard the woman  
sobbing beneath the crab apple tree  
—until dangerously late.

An hour earlier I heard that same  
woman scream in a loud, angry man-  
ner:

"Explain these! Explain these!"

Then I heard the mumbled quar-  
relling of four persons—two men  
and two women. Soon I heard one  
shot and the terrified cry of another  
woman—that of Mrs. Mills, I am  
sure—crying:

"Oh, please, please!"

There was no more talking but  
very soon I heard three more shots.

The most important thing I have  
to say here is something that I have  
not even revealed to the prosecutors.  
It is this: "I returned to the scene  
of the murders after midnight of  
Sept. 14. I returned to search for a  
moccasin which I discovered I had  
lost on my way home. The moccasin  
was a gift from a dead friend and  
I did not wish to lose it."

I waited at home for an hour be-  
fore I got up the courage to return.  
When I came near the spot where I  
thought the shots had been fired, I  
gave up the search for the moccasin  
and cut into the field near the  
Phillips farm. I tied June (the mule  
she was riding) to a stub and walk-  
ed in the direction from which I had  
heard the shots.

A woman's convulsive sobbing  
soon brought me to a stop. It was  
now about 1 o'clock and the moon  
was out. I had no flashlight but could  
easily discern the same woman I had  
seen earlier in the evening. She had  
the same light hair and wore the  
same light colored coat and no hat.

She was kneeling over two dark ob-  
jects sobbing as though her heart  
would break. I did not know until  
Saturday morning that the prone  
forms were the dead Rev. Hall and  
Mrs. Mills but the sobbing was be-  
neath the crab apple tree.

It was evidently she who closed  
the eyelids of the minister, a fact  
which has been much commented on.

I have not identified the man of  
the murder party. He had more hair  
and was bigger than the man under  
suspicion. (Here Mrs. Gibson named  
a person who has furnished an  
alibi.) He had a higher forehead  
than another suspect.

CROSSING CRASH  
CLAIMS 5 VICTIMS

Napoleon, O., Oct. 27.—Five persons  
were killed at Holgate, ten miles  
south of here early today, when the  
automobile in which they were rid-  
ing was struck by a B. & O. freight  
train at an unguarded crossing. The  
dead:

Virgil Brown, 18. Thelma Stimet,  
18, Larry Schwab, 16. Cecelia Royal,  
15, and John Royal, 14.

The young people, all residents of  
New Bavaria, were returning to their  
homes there from a party at Holgate.  
The bodies were terribly mutilated.

REDS NOW CONTROL  
VLADIVOSTOK; LAST  
OF JAPANESE LEAVE

Tokyo, Oct. 27.—Japan has com-  
pleted the evacuation of Siberia.

As the fleet of 10 Japanese trans-  
ports steamed from Vladivostok har-  
bor, yesterday, bearing away the last  
of the mikado's soldiers and leaving  
the Primoria in the hands of the Reds,  
Japan closed her books on her adven-  
ture on the Siberian mainland, with  
a total on the debit side of upwards  
of 1,500,000,000 yen.

Added to this drain on the govern-  
ment's exchequer, there is a loss to  
Japanese farmers and business men,  
who abandoned their holdings as the  
soldiers withdrew, which will run into  
millions. The actual cost of the final  
evacuation itself was 500,000 yen.

A year ago there were 10,000 Japane-  
se civilians on the Siberian main-  
land. Today there are less than 2,000,  
of whom 1,500 still are in Vladivostok  
and a few hundred in the interior.  
Three empty transports ride at an-  
chor in the harbor to carry these away  
if it becomes necessary or desirable.

The closing scenes of the evacua-  
tion were accomplished without un-  
due disorders, according to official  
advice received here. Representatives  
of the soviet government of Moscow  
and of the far eastern republic of Si-  
beria took over from the Japanese the  
keys of the warehouses containing  
arms. The mikado's troops filed up  
the gangplanks of the transports and  
sailed away, while ashore a lonely  
Japanese officer, wearing the last Nip-  
ponese uniform left in the city, offi-  
cially presided at the transfer of the  
much-discussed stores of munitions.

The foreign office denies charges  
made in a note sent to Tokyo by the  
Moscow and Chita governments that  
White guards had looted Vladivostok  
with Japanese connivance. Officials  
here say that this statement must  
have been based on misinformation,  
and that, aside from incidental rob-  
beries natural in a situation in which  
Russians were fighting Russians, to-  
gether with trade depression caused  
by the uncertain political situation,  
nothing untoward had occurred.

OHIO AND MICHIGAN  
COAL HEADS TO MEET

Columbus, Oct. 27.—Fuel Adminis-  
trator Potter of Michigan will come  
here Tuesday for a conference with  
Fuel Administrator Neal.

The conference is to discuss the pos-  
sibility of making uniform regula-  
tions governing fuel prices and coal  
operators in the two states.

Heavy shipments of Ohio coal into  
other states were reported by Neal,  
who said they were being made un-  
der contracts entered into prior to the  
passage of the fuel control measure,  
and consequently are legal.

Conditions cited by Hocking valley  
residents, where a mine, supplying  
fuel for railroad use, was able to op-  
erate on full time last week, while  
another mine in the same district was  
operated only one day, also were con-  
firmed by Neal.

This is not a new situation, accord-  
ing to coal producers. The railroads  
under car assignment rules of the in-  
terstate commerce commission are  
permitted to take care of their own  
needs first, and as the railroads usu-  
ally purchase the entire output of a  
mine it enables these companies to  
work full time. A protest against the  
rule has been filed by operators with  
the interstate commerce commission  
and a hearing will be conducted  
Nov. 14.

Charged With Slaying Son.

Lancaster, O., Oct. 27.—The Fair-  
field county grand jury returned an  
indictment charging second degree  
murder against Willis Tipton, 26, la-  
borer, of Bremen, for the alleged slay-  
ing of his 5-months-old child. Tipton  
is alleged to have plunged a table  
knife into the child's head. He is also  
under indictment for assault to kill  
his wife.

Injuries Prove Fatal.

Columbus, Oct. 27.—Injuries re-  
ceived in an automobile accident  
caused the death of Mrs. Clara A.  
Chestnut, 76, widow of Daniel Chest-  
nut, former police court clerk. Mrs.  
Chestnut received a broken leg and  
internal injuries when she was knock-  
ed down.

INDICTMENTS IN  
DOUBLE MURDER  
CASE EXPECTED

Sufficient Evidence Ready  
In Hall-Mills Crime In  
New Jersey.

WITNESS IS SOUGHT

Two Are Named By Wom-  
an Eye Witness of  
Shooting.

New Brunswick, N. J., Oct. 27.—  
Deputy Attorney General Wilbur A.  
Mott, chief of the investigators of  
the murder of Rev. Dr. Edward W.  
Hall, rector of the Protestant  
Episcopal Church of St. John the  
Evangelist, and the beautiful choir  
singer, Mrs. James Mills, declared to-  
day that he had obtained sufficient  
evidence to secure the indictment of  
one or two persons by the grand  
jury. "It is easy to get indict-  
ments," said Mott.

Widespread search was being made  
today for an important missing wit-  
ness in the mysterious double mur-  
der. He is believed to have fled from  
the state.

It was understood that the disap-  
pearance of this man was the only  
thing that stood in the way of the  
arrest of at least one or two persons  
in connection with the crime.

County Detectives said that they  
hoped to have in their possession be-  
fore night the high powered auto-  
mobile which carried the murderer or  
murderers to the scene of the crime.

Ralph V. M. Gorsline, vestryman  
in the slain rector's church, who  
could not be located last night re-  
turned home today. It was believed  
he would be summoned for question-  
ing some time this afternoon.  
Gorsline denied that he was at the  
scene of the murder as has been re-  
ported. He said that he had an alibi  
accounting for his whereabouts.

New Brunswick, N. J., Oct. 27.—The  
man and woman named in the sworn  
statement of Mrs. Jane Gibson, self-  
styled eye-witness of the double slay-  
ing of the Rev. Edward W. Hall and  
Mrs. Eleanor R. Mills, on the night  
of Sept. 14, last, are Mrs. Frances Ste-  
vens Hall, widow of the slain rector,  
and her brother, Henry Stevens.

The announcement became known  
through the issuance of a statement  
by Mrs. Hall's attorney, Timothy N.  
Pfeiffer, denying the facts of Mrs.  
Gibson's account and declaring that  
neither the rector's widow nor her  
brother was on the Phillips farm on  
the night of the double slaying.

"Mrs. Gibson's statements are con-  
trary to the facts," Mr. Pfeiffer said.  
"Mrs. Hall was in her home all even-  
ing. Barbara Tough, one of the maids,  
was out that night and Louisa Geist,  
the other maid, was on the back stoop.  
There was no one else but a little  
7-year-old niece in the house with Mrs.  
Hall. But there may have been one  
visitor."

"Henry Stevens' identification as  
one of the quartet seen on the farm  
also is contrary to fact. Henry was  
at Lavallette, N. J., all that night."

Mrs. Gibson, in her statement, it is  
known, declared that she had seen  
four persons on the night of the mur-  
ders under the crabapple tree, where  
two days later the bodies of the rector  
and the choir singer were found.

Mrs. Gibson also said in her state-  
ment that she heard the man, whom  
she alleges she saw fire a series of  
shots at the rector and the choir  
singer, addressed by his companion.

The cries of Mrs. Mills, which Mrs.  
Gibson declared "still ring in my ears  
at night," had hardly echoed, the  
woman farmer said, when the second  
woman in the quartet screamed in a  
terrified tone, "Oh, Henry!"

DECEIT ALLEGED  
BY THOMPSON

New Philadelphia, O., Oct. 27.—  
Carmel A. Thompson, Republican can-  
didate for governor speaking in the  
home city of his opponent, Vic Dona-  
hey, charged the latter with another  
instance of trying to deceive the vot-  
ers. He said Donahy is making the  
statement that the present Republi-  
can administration, in the year 1922,  
has expended \$18,000,000 more than  
was expended by Governor Cox in  
1920. Thompson added: "Why does  
he not frankly inform the people that  
of this \$18,000,000, in round numbers,  
\$9,000,000 was received by the state  
as trustee for the use of the common  
schools of the state and has been turned  
back to the common school dis-  
tricts, and \$10,000,000 spent on high-  
ways?"

**Drug Smugglers Indicted.**  
Cleveland, Oct. 27.—Indictments against 43 alleged members of "ring" of drug smugglers were returned by the federal grand jury here today. All of those indicted are in jail or on bond. They were arrested by federal narcotic agents and city detectives. The majority of those indicted are said to be "retail peddlers" or the "big dealers."

Columbus, Oct. 27.—The Springfield Terminal Railway and Power company, a traction line which formerly was operated between Springfield and Troy, valued at more than \$1,000,000, was purchased by the Joseph Schonthal company at receiver's sale for \$37,000. Representatives of the Schonthal company said the road might be dismantled and junked or rehabilitated and car service over resumed.

## ENGINEER SUE FOR LARGE AMOUNT

W. F. Foster, civil engineer of Dayton and consulting engineer for the city of Xenia for the last several years and well-known here, is defendant in a damage suit for \$10,000 filed against him in Montgomery County Courts Thursday.

Clarence L. Summers, 727 Wilfred Avenue, Dayton, plaintiff in the action for damages alleged that his automobile and the machine driven by Foster collided September 12 at a Bowen Street and Lorain Avenue at a high rate of speed and that as a result of the accident his automobile was ruined, his back wrenched and two ribs broken.

### Donahy on Thompson's Promise.

Wapakoneta, O., Oct. 27.—"My opponent for governor, Carmi A. Thompson, says he is going to reduce state taxes \$1,500,000, but if I couldn't promise any greater relief to the taxpayers of Ohio, I would remain forever silent," declared Vic Donahy, Democratic candidate for governor, in a speech here. "Colonel Thompson's promise means that instead of collecting \$17,000,000 the past year, he will collect \$15,500,000, still four times what the Democrats collected in 1918," Donahy said. "Are the taxpayers of Ohio going to fall for a second edition of the Davis plan of promising everything?"

### Tariff Body to Be Reorganized.

New York, Oct. 27.—A complete reshaping of the organization of the tariff commission to meet the new responsibilities placed upon it by the tariff act of 1922 was announced here by William S. Culbertson, vice chairman of the commission, in an address before the American Manufacturers' Export association. Under the commission there are now four broad divisions: the office of chief investigator, the office of chief economist, the legal division and the secretary.

### Drug Smugglers Indicted.

Cleveland, Oct. 27.—Indictments against 43 alleged members of a "ring" of drug smugglers were returned by the federal grand jury here. All of those indicted are in jail or out on bond. ## ACTRESS SUICIDES

San Francisco, Cal., Oct. 27.—Mrs. W. D. Harris, famous as a dancer and violinist, in the presence of her husband, a New York automobile tire dealer and relatives, shot and killed herself early today at the Harris apartments at the Palace Hotel.

Mrs. Harris, under the stage name of Marguerite Calvet, delighted audiences all over the world. She appeared with Harry Lauder in his New York engagements.

## HAS WORK CUT OUT

Coch Warner's Cedarville College eleven is taking on one of the strongest eleven it will meet this season, in tackling Defiance at Cedarville Saturday afternoon.

The Cedarville tribe has not won a game this season, losing to Dayton, Antioch and Rio Grande, but after a two-weeks lay-off, the Reformed Presbyterians are out to show Defiance that they still have a little fighting left and will attempt to break their hoodoo.

## COMPLETE MARKET PLANS

Officials of The Federated Parent-Teacher Association have completed plans for the market to be held under the auspices of the organization at the Gagner shop Saturday morning at ten o'clock. With the proceeds from the market, the members of the organization hope to be able to start their plan of serving light luncheons to children in the lower grades of all the schools affiliated with the Association.

## EYES ON GAME

New York, Oct. 27.—In the wake of the Princeton football squad now in Chicago for their big inter-sectional game with the Maroon tomorrow is left the report that the "Tigers" have gone west with the biggest bag of tricks it has ever assembled. It is understood that Tiger repertoire includes two shifts a pass modelled after the old West Virginia formation of Rodgers' day and another to be worked behind the Colgate spread formation.

## Traction Line Sold by Receiver.

Columbus, Oct. 27.—The Springfield Terminal Railway and Power company, a traction line which formerly was operated between Springfield and Troy, valued at more than \$1,000,000, was purchased by the Joseph Schonthal company at receiver's sale for \$37,000. Representatives of the Schonthal company said the road might be dismantled and junked or rehabilitated and car service over it resumed.

## IT'S JUNE NOW ON MAIN STREET

It's June on West Main Street instead of October. Mrs. Wilbur Anderson, of 415 West Main Street, while trimming a red raspberry bush in the yard of her home Thursday afternoon found several branches of the bush covered with large berries some ripe and others turning. The berries ripen naturally early in June, and are thought quite unusual for this time of year.

### YOUNGSTERS ENJOY WASQUERADE PARTY

A merry surprise was given on Charles King, son of Mr. and Mrs. Joseph King, at his home on South West street, Thursday evening, by thirty of his school mates, from St. Brigid's School, who came in masks and attire.

The King home was very prettily arranged in Halloween colors with shaded lights, withes and black cats. "Pinning the cat's tail" while the youngsters were blindfolded, furnished much amusement, other games and dancing being also enjoyed by the merry makers. Louise Mangan, Ruth Hollencamp, Paul Combs, and Paul Stevens won the prizes of the evening. Refreshments of ice cream, cake and candy were served, with candy corn given to the young guests as a novelty favor.

Those who enjoyed the affair were, Ruth Hollencamp, Julia Ashbaugh, Anna Ratchford, Dorothy Butler, Louise Mangan, Helen Kampman, Margaret McDonald, Helen Donovan, Margaret Fitzsimmons, Margaret Coulter, Elizabeth Ryan, Elizabeth Killeen, Katherine Osborn, Pauline Sculley, Mary Rose Haller, Margaret Loyd, and Paul Stevens, Paul Combs, Dan Donovan, Vell Donovan, Philip Campbell, Robert Shoup, Francis Foley, William Neville, John McNamee, Charles Davis, John Geiger, Leo Cain, Robert Killeen, John King and Charles King.

### YOUNG PEOPLE HOLD HALLOWEEN PARTY

Amid the round of Halloween parties, was that given by the Young People's Christian Union Society of the Second United Presbyterian Church, in the church social rooms, Thursday night, when fifty young people met in masked costume and spent a merry evening.

Entrance to the church parlor was gained through the coal door of the church, the spooky entrance adding to the general scheme of the evening.

Groups of children designated as witches, cats, skulls and bats, were requested to stage a "stunt" this feature being one of the merriest forms of entertainment. The Halloween note predominated in the decorations of the church for the affair. A fortune telling wheel proved a popular form of amusement for the guests. Cider, gingerbread and apples were served late in the evening.

### CONGREGATIONAL DINNER LARGELY ATTENDED

Over two hundred members of the congregation of Trinity Methodist Episcopal Church, with their families attended one of the most enjoyable social affairs of the church, the congregational dinner given in the church parlors, Thursday night.

Prettily decorated tables bearing bouquets of fall flowers were arranged for the affair, at which the guests were seated. Arrangements for the dinner were in charge of Mrs. Emory Beal, chairman, who was assisted by a committee.

The guests of the evening were received in the church auditorium by the Rev. and Mrs. V. F. Brown, and Mrs. George Eckerle, president of the Ladies Aid Society.

Following the dinner toasts were given by Mrs. W. B. Chew on "Our Church," Mrs. William M. Wilson, on "Our Membership" and the Rev. V. F. Brown on "Our Cause."

### HALLOWEEN PARTY AND DANCE ARE ENJOYED

Miss Mildred Hyman entertained twenty-four young people at a Halloween party and dance held in the garage in the rear of her home on North King Street, Thursday evening.

The garage was decorated in true Halloween style, with corn and pumpkin faces that added to the spooky effect the season suggests. Dancing was the principal diversion of the evening, and horns given as favors were used in noise making to add to the gaiety. Refreshments of "hot-dog" sandwiches, ginger snaps and cider were served.

### H. AND A. FORCE TO HOLD PARTY

The office force of the Hoover and Allison Company will hold a Halloween party to be given at the American Legion rooms, Monday evening.

The guests of the evening will appear in masked costume, and enjoy an informal time, with refreshments.

Mrs. Richard McClellan of West Third Street, will sing at the Church of Christ at Jamestown, at the Sunday morning service.

Coach Jerry L. Katherman of Ohio Wesleyan, Delaware, with Mrs. Katherman and their infant son, Jerry Jr., will spend the week-end with friends in this city. Mrs. Katherman and son will remain here while Coach Katherman attends the Miami-Denison game in Dayton Saturday.

Miss Ruth Charters is spending the week-end in Bellefontaine, where she is visiting her brother-in-law and sister, the Rev. and Mrs. A. J. Kestla.

Miss Ruth Maley, music instructor in the Sidney, Ohio, Schools, is spending the week end at her home in this city.

Mr. J. M. Johnson of Ironton, O., will arrive Saturday in this city to spend the week end with Mrs. Johnson, at the home of Mr. and Mrs. J. C. Dodds on Hill Street.

## PUBLIC UTILITIES COMMISSION SCORED BY DONAHEY HERE

A. V. Donahey, Democratic candidate for governor, declared in a speech at City Hall Theater Friday afternoon that he will remove not only Chairman George T. Poor but the two other members of the state Public Utilities Commission if he is elected governor a week from next Tuesday.

Donahey's assertion was the climax of his speech, devoted chiefly to the Ohio Utilities Commission and its problems, made here. He further promised that if the change of personnel did not bring the commission "instantly into line with the wishes of the common people of the state instead of the big interests," he would go before the General Assembly to ask abolition of the board and a law to restore, in general the rate-fixing power for telephone, electric current, railway and gas service to the legislative bodies of local governments. One of the present Utilities Commission members is a Democrat holdover from the Cox administration. Charles Marshall of Wapakoneta.

The Democratic candidate said that there would be "no wholesale pardons and paroles on every calendar holiday," after his inauguration.

"There is no sense in turning a man out because a certain day happens to be a holiday," he said. "Under my administration, a parole will only be granted in the broadest of daylight and when the facts justify it. And when it is, the man will be released as, once without any Roman holiday or any other holiday celebration."

Donahey was on the platform with Charles B. Zimmerman of Springfield congressional candidate, William D. Fulton, candidate for secretary of State, William J. Hiller, candidate for State Treasurer and State Representative H. S. Atkinson.

The candidate for Governor asserted that "his fight was won" largely because of the failure, he said, of his opponent to discuss state issues.

"This league of nations talk is a smoke screen," he said. "I wish Col. Thompson would talk about state issues. That's what the people want to hear. I wish Col. Thompson would answer some of the questions I have asked him. I have answered every question he has asked me."

"He asked me what I had to say about the Davis ripper bill other than to tell the truth about its infamy as I have. My answer to that has been that I'll destroy every part of it that is not in harmony with the best interests of the taxpayers if I have to destroy it all."

"I would like to ask Coy. Thompson the questions I have been hoping he would answer. You know, at the state convention, he said he 'approved of the Davis administration in toto,' and at the state campaign, he said he 'hoped his opponent would make an issue of the Davis administration.' You bet I have. It is the issue I have insisted on, and I wish Col. Thompson would talk about it."

"I'd like to ask Col. Thompson if he approves of the increase in the state direct tax levies from 46 under Governor Cox to 4.125 today. Every bit of that increase was voted by Republican legislators. Try as Col. Thompson may to squim around that fact. Does he approve of that increase?" I don't and I'll cut that direct levy total the hour I am inaugurated.

## INVESTIGATE CASE AT AVIATION FIELD

Miss Louise B. Shaffer, Red Cross secretary spent Tuesday in Osborn, and Fairfield, where she investigated a case at the Wright Aviation Field, upon request from an officer of the field.

During the day Miss Shaffer called on four cripples, and made arrangements for one of the patients to go to the Barney Community center, at Dayton, to be fitted with a plaster cast, and for another to have an examination. A third patient is a young man whom nothing can be done. The Red Cross according to Miss Shaffer, had him examined at the Barney Community center by an orthopedic surgeon in hopes of securing vocational training financed by the fund for that purpose, for him. This was refused because of his condition.

The father of the fourth child decided not to do anything for his child at the present time.

Miss Shaffer stated Friday, that it is hoped that within the next few months to offer assistance to all the crippled children in the county who can be helped and to make any arrangements necessary.

Miss Helen Evers, Red Cross public health nurse spent Thursday afternoon in Yellow Springs, where she attended two cases of illness.

## CLAIM VICTORY

Rome, Oct. 27.—Signor Facta, whose cabinet resigned last night under pressure from the Fascisti to day invited Deputy Benito Mussolini parliamentary spokesman for the Fascisti, to come to Rome to participate in the formation of a new government. This represented a definite victory for the Fascisti.

## Styles BY LENORE

This season when a tailor starts life with the idea of being an original, it may do such attractive things as face the coat with a deep band of fur giving the effect of a fur-lined garment.

ment. Like the distinguished looking costume in the sketch. In this model the coat prefers to end at the hips with a slight blouse. In the back and at sides. The skirt is pleated at the sides.

Sometimes originality may be achieved with only a detail, as in the finish of the neck in the more youthful suit from Decollet. There is nothing new in the Russian blouse effect of this tailor, but the novel lines of the neck, continued with a concentrated border pattern of soutache and balanced on the opposite side below the waistline, gives this costume individuality. Cinnamon brown duvetyne with seal has been used for this model.

## ONLY TWO GAMES SATURDAY WILL BE OF IMPORTANCE

While practically all Ohio Conference football teams are playing teams within the Conference Saturday, only about two of these games will have an important bearing on the race for state honors.

These two important conflicts are the Ohio Wesleyan-Wittenberg tilt at Delaware and the annual Miami-Denison affair at Dayton, and of these two the former predominates in importance, while the latter is whetting the edge of local interest because of the traditions attached to the game and its proximity to this city.

## Ohio Federation of Women's Clubs

By Mrs. George Elliott McCormick.

In her official swing through the Middle West, Mrs. Thomas G. Winter, of Minneapolis, president of the General Federation of Women's Clubs and one of the four women who had the honor of being members of the arms limitation conference made a marked impression upon club women of Ohio in attendance at her meetings in Cleveland and Toledo.

Following the Cleveland meeting, which was conducted Oct. 16, Mrs. Winter was extended the greetings of Northwestern Ohio club women at Toledo a day later. She appeared at the Coliseum before the largest assemblage of club women ever gathered in Toledo, many coming from all of the Northwestern tier of counties. A luncheon at the Woman's Club preceding the Coliseum meeting brought together the officers of the Woman's Educational club, under the auspices of which the reception for Mrs. Winter was held, and a

number of other guests, places being marked for Mrs. Winter, Mrs. George Elliott McCormick, of Marion; Mrs. Prentice E. Rood, of Toledo, former president of the Ohio Federation of Women's Clubs, Mrs. Frederick Geddes, the hostess of Mrs. Winter during her stay in Toledo; Mrs. H. M. Barlow, Mrs. E. P. Breckenridge, Mrs. W. E. Sommer, Mrs. William Harlow Porter, Mrs. Alice Bentley Gardener, Mrs. Nellie Belle Brigham, Mrs. W. J. Young, Mrs. Richard H. Loosley, Mrs. John Schlatter, Mrs. Claude Brown, Mrs. Nathan Crane Ball, Mrs. Frank Chapman, Mrs. C. C. Todd, Mrs. Elmer Darl, Mrs. Henry S. Horn, Mrs. William Zaffe, Mrs. C. J. Bushnell, Miss Adelaide Hascall and Miss Lily Lang, all of Toledo and other members of the Educational club board, department heads or past presidents of the Educational club.

Mrs. Winter stressed the importance of the new national club home in Washington. "We started in three little rooms, greatly handicapped by very crowded conditions and no funds, with which to buy supplies," she said. "But now when I go to our present home, it all seems like a fairytale, and yet this beautiful home is all ours."

ance of the new national club home in Washington. "We started in three little rooms, greatly handicapped by very crowded conditions and no funds, with which to buy supplies," she said. "But now when I go to our present home, it all seems like a fairytale, and yet this beautiful home is all ours."

Presentation of plans for work was the line theme underlying the program of the Southeast district conference conducted at Athens, Oct. 19 to 20, inclusive. These plans were brought to the convention by the new chairmen of the various departments or by their representatives. The conference unanimously condemned the proposed beer and wine amendment. Much interest was manifested in one of the new departments of the state federation, the department of illiteracy. The slogan, "Each one, teach one," was put forward at this meeting. Splendid music throughout the conference was a feature. Jackson has asked for the 1923 conference.

After the election, Mrs. Jacob Brenner, Youngstown, chairman of the Ohio Federation's department of American citizenship, suggests that

clubs call their roll to find out how many members actually voted. She also suggests that this be done before the election so that none may forget to register. "The fall elections will soon be here and it is our solemn duty to do everything in our power, not alone to vote intelligently ourselves, but to induce our household, our friends and our acquaintances to do likewise," she says. "Today no greater danger faces America than the indifference of both the man and woman voter. In 1920, barely 50 per cent of the voters of the United States went to the polls. We must arouse the women and men as well to their individual responsibilities. The franchise is a sacred obligation to be met as such and we must prepare ourselves to meet this obligation intelligently."

## THE RED CROSS DRIVE.

It does not answer the problems of want in our midst to turn a deaf ear to those who would rationalize and systematize the relief of the poor and the helpless.

It is very easy to say that one disapproves of drives and all the machinery incident thereto—the personal solicitation, the letters of appeal, the active campaigning under captains and the definite incentives to excel in the collections by zealously competing teams.

If you can think of a better modus operandi for raising money, those responsible will be glad to know of it. It may be annoying to be solicited—it is far more onerous to go out and solicit in charity's name, and those who are doing the asking are not in it for fun.

As long as the problem of distress, disease and poverty exists, some must give thought and toil to it, and we are all concerned in it.

How often it is difficult to be wisely charitable—to do good without afterwards feeling that your giving was a mistake. To give alms is nothing unless you give thought also. It is written, not "blessed is he that feedeth the poor," but "blessed is he that considereth the poor."

The history of the wonderful Red Cross movement is to the effect that it has been the greatest instrument for relief in the distresses of mankind that the world has ever known. It has known no difference in country or faith in the bestowal of its help. It has only considered that there was distress to be alleviated. It is purely on the "Good Samaritan" principle without regard to any other conditions. Before the Red Cross solicitors call, read the beautiful story of the Good Samaritan, and you will be in better mind for the visit of these solicitors who come as angels of the spirit of mercy. "Proportion thy charity to the strength of thy estate, lest God proportion thine estate to the weakness of thy charity."

## MAJOR GENERAL WOOD GIVES APPROVAL OF ALL CLEAN SPORT.

Expressing his approval of athletic sports in general and wrestling and boxing in particular, Governor General Leonard Wood has announced he hopes every city and town in the Philippine Islands would be combed in search of a strong team to compete in the Far Eastern games at Osaka, Japan, next May.

"I believe in clean sport and athletic training," said Gov. Gen. Wood. "Sound athletic training makes better men physically, cultivates the spirit of fair play, and the idea of give and take. It increases a man's self-confidence, and builds up a physical condition in order to attain which there must be an observance of self-restraint, good habits and sound moral principles. All around athletic training should be built up in the Philippines in every possible way, especially in the schools. I wish every boy in the islands knew how to box, and to wrestle, and to do both well. They would be better citizens. The tremendous increase in the morale, the self-confidence of a man that is engendered by boxing, wrestling and other hand to hand sport is of incalculable value in any crisis of his life.

"With reference to the Far Eastern games to be held in Osaka next year, we ought to search every city, every municipality and every barrio in the Philippines for good material. There is no reason why there should not be and there is every reason why there should be a trial in all the schools, beginning with the university and high schools to pick out boys who have special qualifications and who promise to make good material to be worked on and developed with a view to participation in the Far Eastern games.

"The winning of these games means a great deal. It will mean that the Philippines have physical courage, endurance and skill to an extent which enables them to triumph in competition over all other Eastern peoples. If we take hold of this systematically we shall be able to get a team which will be a sure winner, and this we must do if possible."

## WHERE UNCLE SAM GETS HIS INCOME.

It is not generally recognized that the United States government is really a great corporation, earning as well as expending, and the sources of revenue are realized only in a very vague way by that public which makes the revenue possible.

In the Dearborn Independent, of October 21, there is an interesting article by Aaron Hardy Elm, which gives a very illuminating insight into the business of the government from which the following facts are condensed:

Receipts of the Federal government for the fiscal year are given as \$3,885,000,000.

People generally think of taxes as the only revenue of the government, but while this is the greatest source from which federal receipts are derived, the postal department brings to the treasury \$555,000,000 and \$30,000,000 are derived from other sources. Of these miscellaneous receipts, \$10,000,000 are from the state department, from consular and passport fees, and \$100,000 from other sources, such as gain by exchange, return of relief money from Americans abroad, and sale of property no longer needed by the government.

The treasury department raises revenue outside of taxes. Its collections in various forms of interest are expected to total \$27,407,325—in fees, fines and penalties, \$35,000,000; sales of government property about \$1,000,000; profits on coinage bullion deposits, \$12,500,000.

The war department will take in revenue amounting to \$113,000,000.

Panama canal yields \$13,315,000.

Navy department will turn into treasury, more than \$5,000,000.

Department of Internal revenue, \$37,000,000, much of which is from public lands and Indian fund. Public domain receipts (sales, leases, fees, etc.) total \$10,000,000, department of agriculture, \$7,000,000, of which the biggest part comes from the forestry department.

From the department of commerce will come not less than \$5,500,000, one million of which will be derived from the sale of seal skins harvested on the government's big seal farm in Alaska.

Department of Labor will collect more than \$5,000,000, the bulk of which is from the immigration tax and naturalization fees. United States Court collects from fees, fines, etc., are not less than \$7,700,000.

REMEMBER FILLING OUR OWN CELLAR WITH COAL ISN'T ALL WE HAVE TO DO TO GET READY FOR WINTER

## 1902--Twenty Years Ago--1922

Mr. W. D. Nisbet of the editorial staff of the Baltimore American has finally decided to leave the American and accept the recent offer of the Chicago Morning Tribune.

Hon. Horace Ankeney will address the Republicans at Wilberforce on Saturday night. It will be the last meeting of the campaign out there and everybody will be present.

The Circuit Court began its labors in this city this morning with Judge Harrison Wilson, presiding and Theodore Sullivan occupying the bench with him.

From the amount of coal that was moving over the C. H. and D. railroad yesterday, there ought to be another drop in the price before long. The trains followed one another all day long in close succession.

## DRY AGENTS AGAIN MEET WATERLOO IN CINCINNATI

Cincinnati, Oct. 27.—Two more dry agents met their Waterloo yesterday when they tried to arrest Jacob Enders, Central Avenue saloon keeper and take him to Loveland, O. where he had failed to appear as cited Wednesday night. Despite the fact that the enforcement officers displayed a warrant for Enders' arrest he refused to accompany them and called the police, who arrested him and one of the agents who displayed a revolver, taking both away from a mob of 50 persons that had assembled. The second dry officer was chased and beaten by the crowd but was rescued by a policeman.

Both enforcement officers were released when they established their identity. They took Enders to Loveland where he was released on \$2,000 bond. The enforcement men registered at a Cincinnati police station as John E. Byrd and Otto Hoffman.

## NEW LAMP BURNS 94% AIR

### Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple clean and safe. Burns 94 per cent air and 6 per cent common kerosene (coal-oil.)

The inventor, E. A. Johnson, 609 W. Lake Street, Chicago, is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Probably the greatest discovery of the age is Vitamin B, that life-giving element found only in certain foods—but in abundant quantities in "ZEP"—The Toasted Breakfast Food. This discovery accounts for the fact that people who eat a lot are not necessarily strong and healthy. They don't eat the right kind of food. And the beginning of the day is the most important time for your system to assimilate real blood-and-tissue building elements.

Eat "ZEP" for breakfast and give your system the chance it deserves. "ZEP" contains the things you need to give you the energy for your daily task. Try it tomorrow, it's the best thing you ever tasted.

## SECRET OF HEALTH.

"Oh, gaffer, why are you so hale?" the children say to me; "while other men are wan and pale, you're fat as you can be; you sit here by the county jail, from common ailments free." "Ods bodikins, my little lads," I say, "my life is spent, in pulling down the useful scads, in quiet and content; I do not follow up the fads that dippy men invent. I eat whatever seemeth good, a roast or cutlets three; through all my years I have withstood the cranks who'd diet me; and if I wish I'll eat elm wood, washed down with senna tea. Whatever faddists may indorse as being fine and wise I sidestep, like a mettled horse that in the roadway shies, and I have never felt remorse because I dodge fad-guys. I do not read the helpful books that fad-physicians write; I do not pass up skillful cooks to eat the Cow's Delight; I do not bathe in frozen brooks or boil my feet all night. Each day they bone me once or twice to give their schemes a chance, and still I scorn the punk advice that faddists may advance, and here I sit and put up ice in pomp and circumstance."

## Today's Talk

by George Matthew Adams

### Tongues

Wise old Aesop once said this about the tongue: "It is at the same time the best and the worst thing in the world."

There is none who will not agree to this, for who has not learned its fact, one way or the other?

How the tongue can cut its sharpened edge into the soul—and how it can lift up whole multitudes and set them to doing useful work in the world! How like a two-edged sword at times, and at others like oil poured upon the flames, it can soothe and comfort us in way in which it is used.

Looks often deceive—but tongues have a way all their own of opening up the inner workings of a mind and picturing character.

Get a man to talk and you won't need to inquire as to his pedigree. He will either be your friend or your enemy. You will trust him or avoid him thereafter.

What a member is the tongue! In song, how it has immortalized such

names as Jenny Lind, Caruso, McCormack. And in speech such names as Gladstone, Wendell Phillips, Luther, and Lincoln.

The things you say are expressive, largely, of what you are.

Tongue control is all-important, for where would anger get its weapon were it not for the tongue? And how would we get into the innermost chambers of our friend's heart were it not that we can exchange thoughts and expressions by means of this useful member, the tongue?

The intimacy of this tongue of ours! Words lie so cold and silent, but when warmed by the tongue and given life, what a thrill of reality do we experience.

The only record we have of the teachings of Jesus are the words uttered to those who came to hear. Just fragments. But from them for nearly two thousand years billions of people have drawn comfort and inspiration. Say pleasant, kindly, happy things—or else keep the doors of your mouth closed and your tongue inside.

## DRY AGENTS AGAIN MEET WATERLOO IN CINCINNATI

Cincinnati, Oct. 27.—Two more dry agents met their Waterloo yesterday when they tried to arrest Jacob Enders, Central Avenue saloon keeper and take him to Loveland, O. where he had failed to appear as cited Wednesday night. Despite the fact that the enforcement officers displayed a warrant for Enders' arrest he refused to accompany them and called the police, who arrested him and one of the agents who displayed a revolver, taking both away from a mob of 50 persons that had assembled. The second dry officer was chased and beaten by the crowd but was rescued by a policeman.

Both enforcement officers were released when they established their identity. They took Enders to Loveland where he was released on \$2,000 bond. The enforcement men registered at a Cincinnati police station as John E. Byrd and Otto Hoffman.

The Sunshine Society has a wheel chair, which may be had free of charge by calling Bell 365W.

## NEW LAMP BURNS 94% AIR

### Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple clean and safe. Burns 94 per cent air and 6 per cent common kerosene (coal-oil).

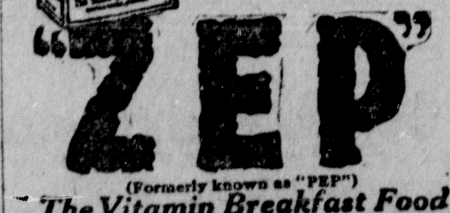

The inventor, E. A. Johnson, 609 W. Lake Street, Chicago, is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Probably the greatest discovery of the age is Vitamin B, that life-giving element found only in certain foods—but in abundant quantities in "ZEP"—the Toasted Breakfast Food. This discovery accounts for the fact that people who eat a lot are not necessarily strong and healthy. They don't eat the right kind of food. And the beginning of the day is the most important time for your system to assimilate real blood-and-tissue building elements.

Eat "ZEP" for breakfast and give your system the chance it deserves. "ZEP" contains the things you need to give you the energy for your daily task. Try it tomorrow, it's the best dish you ever tasted.

Ask Your Grocer for "ZEP" (formerly "Pep") and Sanitarium Cooked Bran—the original Battle Creek Food. Buy it in bulk. Get five for the price of four. Look for the yellow package with red seal. THE BATTLE CREEK FOOD COMPANY Battle Creek, Michigan

## SECRET OF HEALTH.

"Oh, gaffer, why are you so hale?" the children say to me; "while other men are wan and pale, you're fat as you can be; you sit here by the county jail, from common ailments free." "Ods bodikins, my little lads," I say, "my life is spent, in pulling down the useful scads, in quiet and content; I do not follow up the fads that dippy men invent. I eat whatever seemeth good, a roast or cutlets three; through all my years I have withstood the cranks who'd diet me; and if I wish I'll eat elm wood, washed down with senna tea. Whatever faddists may indorse as being fine and wise I sidestep, like a mettled horse that in the roadway shies, and I have never felt remorse because I dodge fad-guys. I do not read the helpful books that fad-physicians write; I do not pass up skillful cooks, to eat the Cow's Delight; I do not bathe in frozen brooks or boil my feet all night. Each day they bone me once or twice to give their schemes a chance, and still I scorn the punk advice that faddists may advance, and here I sit and put up ice in pomp and circumstance."

## Today's Talk

by George Matthew Adams

### Tongues

Wise old Aesop once said this about the tongue: "It is at the same time the best and the worst thing in the world."

There is none who will not agree to this, for who has not learned its fact, one-way or the other?

How the tongue can cut its sharp-edged edge into the soul—and how it can lift up whole multitudes and set them to doing useful work in the world! How like a two-edged sword at times, and at others like oil poured upon the wheels of life.

Looks often deceive—but tongues have a way all their own of opening up the inner workings of a mind and picturing character.

Get a man to talk and you won't need to inquire as to his pedigree. He will either be your friend or your enemy. You will trust him or avoid him thereafter.

What a member is the tongue! In song, how it has immortalized such

names as Jenny Lind, Caruso, McCormack. And in speech such names as Gladstone, Wendell Phillips, Luther, and Lincoln.

The things you say are expressive, largely, of what you are.

Tongue control is all-important, for where would anger get its weapon were it not for the tongue? And how would we get into the innermost chambers of our friend's heart were it not that we can exchange thoughts and expressions by means of this useful member, the tongue?

The intimacy of this tongue of ours! Words lie so cold and silent, but when warmed by the tongue and given life, what a thrill of reality do we experience.

The only record we have of the teachings of Jesus are the words uttered to those who came to hear. Just fragments. But from them for nearly two thousand years billions of people have drawn comfort and inspiration.

Say pleasant, kindly, happy things—or else keep the doors of your mouth closed and your tongue inside.

## DARES LAWYER TO REPEAT CHARGES OUTSIDE COURT

Cincinnati, Oct. 27.—Taking exception when Attorney W. A. Burkamp, counsel for Fred Betz, on trial in U. S. Court at Covington for possessing and transporting illegally 100 gallons of grain alcohol, referred to him as a "snitch" and a "taritor." Maurice E. Wilson, Covington druggist and star witness for the government, dared the other man to repeat his words outside the court room. The attorney replied that he would repeat them when and where he chose. At this point hot disputants were reproved by the judge who ordered the attorneys to go on with the case.

The social rooms of the First Presbyterian Church were converted into an abode for cats, witches, hobgoblins and other weird Hallowe'en creatures, for the social given by the members of the Sunday School of the church for the members of the entire congregation, Thursday evening.

A number of the guests of the evening, numbering 150, were in masked costume, ranging in ages from a year and a half to the adult members. A grand march was staged at 7:30 o'clock, in which the masqueraders participated. Miss Flora Nisbet, and Master Richard Adair received honorable mention for their costumes.

After a series of games and stunts a refreshment course of ice cream and cake was served.

### Club Members Make Social Plans

Mrs. Ernest Simons was hostess to the members of the L. L. Club, at her home on West Market Street, Thursday afternoon.

The afternoon was spent by the club circle in discussing future plans for the club, after which a light luncheon was served. The next meeting of the club will be held at the home of Mrs. Clarence Knisley, next Thursday evening, when the members will entertain their husbands at an oyster supper.

### Sunshine Society To Stage Meeting

## This Laxative Works Fine on Old People

Thousands have kept themselves healthy with Dr. Caldwell's Syrup Pepsin

### ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. B. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

ADVANCING age with its subdued ambitions and strivings could be made very happy if only good health accompanied it, and the basis of good health, as everyone learns upon reaching the age of 60, is the regular daily movement of the bowels. If it can be effected through the food you eat, the water you drink and the exercise you take, so much the better. But if nature will not operate it must be assisted or sickness will follow. Neglected constipation causes the blood pressure to go up 20 per cent, and that is the forerunner of hardening of the arteries. It makes rheumatism and gout worse, too.

The ideal constipation remedy for people of advancing years is Dr. Caldwell's Syrup Pepsin, a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics. It is gentle and mild, and does not cramp or gripe. It is a mistake to think you need a violent salt or powder or pill, calomel, coal-tar drugs and such things. They purge and

weaken you, and their reaction tends to make you more constipated than before.

Now try the milder method. Dr. Caldwell's Syrup Pepsin does not lose its good effect with repeated use, and increased doses are unnecessary. Mrs. E. M. Burgess of Enfield, N. C., who is 73, keeps herself in good health with it, and Mr. Charles Chorman of Stapleton, Staten Island, N. Y., wasted fifteen years and considerable money on other remedies before finding steady relief with Syrup Pepsin.

Use Dr. Caldwell's Syrup Pepsin yourself the next time you suffer from constipation, biliousness, headache, sleeplessness, indigestion, piles or night cramps. Many thousands of elderly people use nothing else, and it costs them less than a cent a dose. Druggists have sold it successfully for 30 years, and it is the most widely bought family laxative in the world.

## Skin Ablaze with Eczema

Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-dripping torture and its soul-tearing, unbearable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1823! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together, then to continue to have eczema and its eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and is well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

## WILL HIS DAUGHTER GET \$100,000?

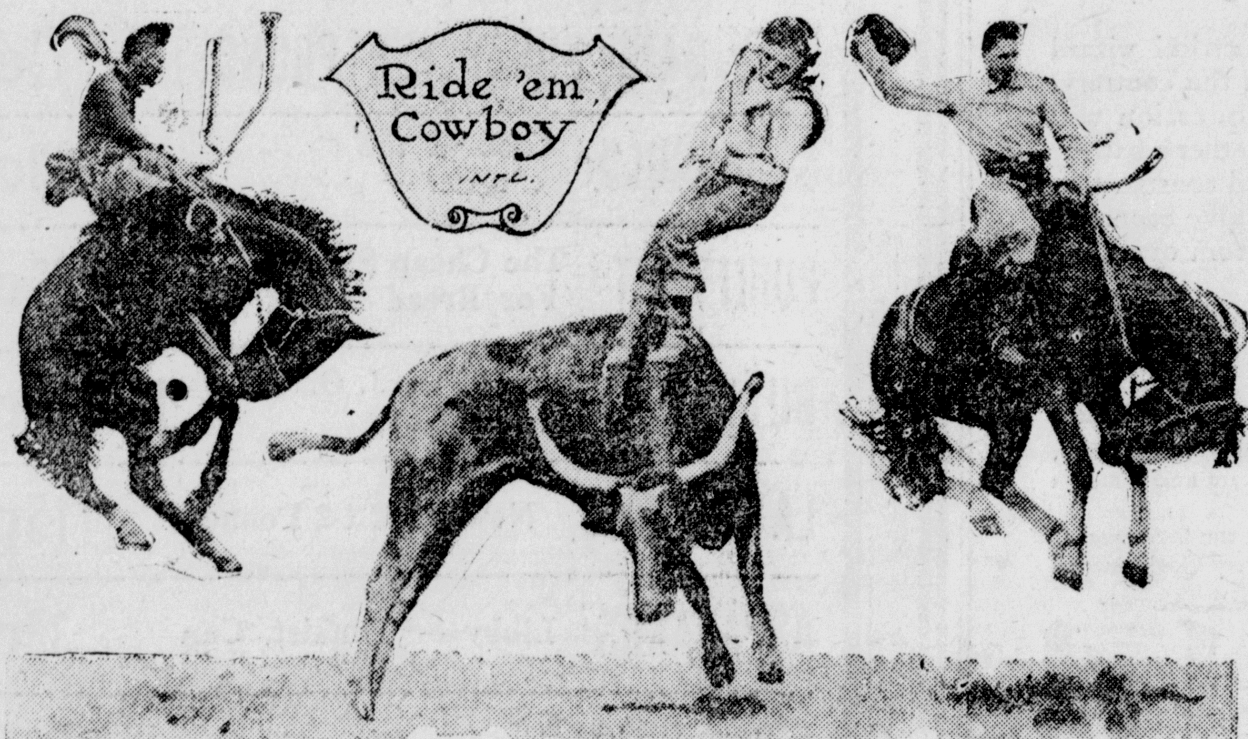

Mrs. P. T. White - Marie Kryl - Bohumir Kryl.

Six years ago when Josephine Kryl was eighteen and her sister Marie, was sixteen, Bohumir Kryl, world famous musician, offered them \$100,000 each if on their thirtieth birthdays, they had not married but had devoted their lives to the violin.

Josephine met and loved Paul Taylor White, a Boston musician composer. They were married, and she was cut off. Kryl turned to Marie to carry out his desire and become a great musician but Marie, though still unmarried, announced her sympathies were entirely with her sister.

## REPUBLICANS OPEN BIG GUNS IN LAST MINUTE CAMPAIGN

Greene County Republicans are planning to open their big guns for the final swing into the home stretch of the 1922 campaign, with a series of high powered meetings scheduled for next week.

The week's program of addresses will be started off Tuesday night, with an old-time rally in which Col. Ralph D. Cole, of Findlay, Congressman and former candidate for nomination for governor, will be the central figure. So says L. T. Marshall, chairman of the Greene County Republican Executive Committee.

Colonel Cole will arrive here Tuesday afternoon and speak at Wilberforce at 4:15 o'clock. His address in the evening is scheduled to be held in City Hall Theater at eight o'clock and three brass bands will aid in the pre-meeting rally and furnish music during the meeting.

### REPUBLICAN SCHEDULE

Friday, November 3.—Charles D. Cole at Wilberforce at 4:15 o'clock, at City Hall Theater, Xenia, at eight o'clock in the evening.

Wednesday, November 1.—Charles Brand at Bowersville. Thursday, November 2.—C. C. Crabbe at Jamestown at 7:30 o'clock and Charles Brand and Mr. Crabbe at Cedarville at eight o'clock.

Friday, November 3.—Charles Cattrell will address the colored rally at City Hall Theater, Xenia, at eight o'clock.

Republicans are expecting the biggest audience of the campaign at this meeting, including large delegations from other villages in the county. Among them will be a special delegation from Yellow Springs, the home town of Congressman S. D. Fess, U. S. Senatorial candidate, and special cars have been arranged for the convenience of the Yellow Springs contingent.

Charles Brand, of Urbana, Republican candidate for Congress to succeed Dr. Fess will speak at the meeting to be staged in Bowersville Wednesday night at eight o'clock. Thursday night there will be two meetings. C. C. Crabbe, of London, Republican candidate for Attorney General will speak at a meeting to be held at the Jamestown Opera House at 7:30 o'clock. At eight o'clock the same night Charles Brand will open a meeting at the Cedarville Opera House and he will be followed on the program there by Mr. Crabbe, who will go to Cedarville at the close of his meeting in Jamestown.

The week's program of meetings will close Friday night with a rally principally for colored voters to be staged at City Hall Theater here. Charles Cottrell, of Toledo, considered one of the leading orators of his race, will be the speaker at this meeting.

There will be music at all the meetings and four bands will be used throughout the county during the week. It is announced from Republican headquarters. The program is expected to wind-up the Republican campaign here.

### TAKES OWN LIFE

Cincinnati, O., Oct. 27.—Michael Donlin, 40, private policeman employed by a local district telegraph company and former member of the Cincinnati police department, died early this morning at the city hospital where he was taken after being found with a bullet through his head and his revolver lying on the ground beside him.

A murder was at first suspected by the police but powder burns on the man's face, an empty cartridge in his revolver and the fact that he had told a fellow employee he was dependent over misfortunes caused them to abandon any theory except that of suicide.

Donlin was married and had several children.

State of Ohio, Department of Commerce, Division of Insurance, Columbus, April 1, 1922.—As Superintendent of Insurance of the State of Ohio, I hereby certify that the

Home Life Insurance Company located at New York in the State of New York, has complied in all respects with the laws of this State, applicable to it, and is authorized during the current year to transact in this State its appropriate business of insurance as specified in its license. Its condition and business, on the thirty-first day of December of the year next preceding the date hereof, is shown by its statement, required by law, to be as follows: Aggregate amount of available assets, \$48,227,327.55; aggregate amount of liabilities (except capital), including reinsurance, reserves, \$24,241,236.57; net assets, \$24,000,000.00; surplus, \$24,000,000.00; amount of income for the year in cash, \$1,231,521.94; amount of expenditures for the year in cash, \$5,577,916.69.

In witness whereof, I have hereunto subscribed my name and caused my official seal to be affixed, the day and year first above written.

## MOST WONDERFUL DOLLHOUSE EVER BUILT

Titania's Palace, a dollhouse on the scale of a inch to the foot, is considered the most remarkable model ever constructed. It was designed by Major Sir Neville Wilkinson, who did practically all the interior decorating work himself. The palace is two and a half feet high and covers an area of sixty square feet. The tiny furniture and decorations have been made with scrupulous care and exquisite artistry. Queen Mary saw the palace on display and signed her name in tiny letters in the small visitors' book at the entrance of the palace. All the money raised by the exhibit goes to war charities. The view is of the workroom where the castle was built, with "Tommy," of Dublin, putting on the finishing touches.

## TROY AMUSED OVER PLOT OF POLITICIANS

Troy, Oct. 27.—All Troy was chuckling today over the expose of an alleged political plot having as its object the defeat of Congressman John L. Cable, republican nominee for reelection, and as its principles two women, two members of the republican county central committee and several former republican office holders. The expose, the story has it, was accomplished through use of a dictaphone in the hands of a government agent brought here by the congressman's secretary. "The conspiracy" as the natives insist on calling it, was being hatched in the offices of the county commis-

sioners last night. The participants, angered, it was said, over appointment of a local postmaster, were agreeing to have circulars distributed in the interest of J. H. Goeke, Lima, democratic candidate for which, each including the women were to receive \$10 from the democratic county committee. But they did not count upon the

presence in another part of the building of the secret service agent and his sound transmitting device, and this morning the story was being told all over the county. One of the feminine participants in the plot it was said, lacked the trustful characteristics of the others and insisted upon payment before taking any active part.

## REPUBLICANS OPEN BIG GUNS IN LAST MINUTE CAMPAIGN

Greene County Republicans are planning to open their big guns for the final swing into the home stretch of the 1922 campaign, with a series of high powered meetings scheduled for next week.

The week's program of addresses will be started off Tuesday night, with an old-time rally in which Col. Ralph D. Cole, of Findlay, Congressman and former candidate for nomination for governor, will be the central figure. So says L. T. Marshall, chairman of the Greene County Republican Executive Committee.

Colonel Cole will arrive here Tuesday afternoon and speak at Wilberforce at 4:15 o'clock. His address in the evening is scheduled to be held in City Hall Theater at eight o'clock and three brass bands will aid in the pre-meeting rally and furnish music during the meeting.

### REPUBLICAN SCHEDULE

Friday, November 3.—Charles D. Cole at Wilberforce at 4:15 o'clock, at City Hall Theater, Xenia, at eight o'clock in the evening.

Wednesday, November 1.—Charles Brand at Bowersville.

Thursday, November 2.—C. C. Crabbe at Jamestown at 7:30 o'clock and Charles Brand and Mr. Crabbe at Cedarville at eight o'clock.

Friday, November 3.—Charles Cattrell will address the colored rally at City Hall Theater, Xenia, at eight o'clock.

Republicans are expecting the biggest audience of the campaign at this meeting, including large delegations from other villages in the county. Among them will be a special delegation from Yellow Springs, the home town of Congressman S. D. Fess, U. S. Senatorial candidate, and special cars have been arranged for the convenience of the Yellow Springs contingent.

Charles Brand, of Urbana, Republican candidate for Congress to succeed Dr. Fess will speak at the meeting to be staged in Bowersville Wednesday night at eight o'clock. Thursday night there will be two meetings. C. C. Crabbe, of London, Republican candidate for meeting to be held at the Jamestown Opera House at 7:30 o'clock. At eight o'clock the same night Charles Brand will open a meeting at the Cedarville Opera House and he will be followed on the program there by Mr. Crabbe, who will go to Cedarville at the close of his meeting in Jamestown.

The week's program of meetings will close Friday night with a rally principally for colored voters to be staged at City Hall Theater here. Charles Cottrell, of Toledo, considered one of the leading orators of his race, will be the speaker at this meeting.

There will be music at all the meetings and four bands will be used throughout the county during the week. It is announced from Republican headquarters. The program is expected to wind-up the Republican campaign here.

### TAKES OWN LIFE

Cincinnati, O., Oct. 27.—Michael Donlin, 40, private policeman employed by a local district telegraph company and former member of the Cincinnati police department, died early this morning at the city hospital where he was taken after being found with a bullet through his head and his revolver lying on the ground beside him.

A murder was at first suspected by the police but powder burns on the man's face, an empty cartridge in his revolver and the fact that he had told a fellow employee he was dependent over misfortunes caused them to abandon any theory except that of suicide.

Donlin was married and had several children.

## MOST WONDERFUL DOLLHOUSE EVER BUILT

Titania's Palace, a dollhouse on the scale of a inch to the foot, is considered the most remarkable model ever constructed. It was designed by Major Sir Neville Wilkinson, who did practically all the interior decorating work himself. The palace is two and a half feet high and covers an area of sixty square feet. The tiny furniture and decorations have been made with scrupulous care and exquisite artistry. Queen Mary saw the palace on display and signed her name in tiny letters in the small visitors' book at the entrance of the palace. All the money raised by the exhibit goes to war charities. The view is of the workroom where the castle was built, with "Tommy," of Dublin, putting on the finishing touches.

## TROY AMUSED OVER PLOT OF POLITICIANS

Troy, Oct. 27.—All Troy was chuckling today over the expose of an alleged political plot having as its object the defeat of Congressman John L. Cable, republican nominee for reelection, and as its principles two women, two members of the republican county central committee and several former republican office holders. The expose, the story has it, was accomplished through use of a dictaphone in the hands of a government agent brought here by the congressman's secretary.

"The conspiracy" as the natives insist on calling it, was being hatched in the offices of the county commis-

sioners last night. The participants, angered, it was said, over appointment of a local postmaster, were agreeing to have circulars distributed in the interest of J. H. Goeke, Lima, democratic candidate for which, each including the women were to receive \$10 from the democratic county committee. But they did not count upon the

presence in another part of the building of the secret service agent and his sound transmitting device, and this morning the story was being told all over the county.

One of the feminine participants in the plot it was said, lacked the trustful characteristics of the others and insisted upon payment before taking any active part.

## Health Committee Submits Figures Showing System In Sidney To Commission

Dr. A. D. DeHaven, member of the City Commission, and chairman of the health committee that investigated the health system in effect in Sidney and Shelby county Wednesday, will draft a health plan for Xenia that will be submitted as a suggestion to the City Commission at the next meeting.

This was the action resulting from the meeting of the commission Thursday night, at which time the committee reported the result of its investigation in Sidney and presented comparative figures of the cost of the Sidney health system with that of Xenia and Greene County and the difference in the operation of the two systems.

The report follows in part: "The department consists of a Health Commissioner and a Deputy, both jointly employed by the County and City, a Health Nurse for the county and one for the city and a visiting nurse for both county and city, the city paying this visiting nurse's salary, and the county furnishing her an automobile and paying for its upkeep. The city has a chemist, who makes a monthly examination of eight samples of milk collected from the distributors of the city. He also makes the necessary analyses in diphtheria cases.

"Dr. Arlington Ailes is the commissioner and received a salary of \$3,600, two thirds of which is paid by the county and one third by the city. He devotes all of his time to the work, inspects the cattle or the milk producers for tuberculosis, inspects dairies, producing and distributing plants and other supplies sold in the city.

"Eight samples of milk are collected from the wagons of the distributors by the commissioner or his office force once a month and same are analyzed by the chemist, one copy of his report being filed in the commissioner's office and one given to the distributor.

"Blank forms for reports of various inspections are purchased directly from the Dayton Health Department, this method having been found less expensive than by having the same printed. A copy of each of these forms was presented to your committee and the same are now before you. The Health budgets for the City of Sidney and the County of Shelby as allowed by the Budget Commission are as follows:

**CITY BUDGET**  
Commissioner ..... \$1,200.00  
Deputy or Clerk ..... 600.00  
Health Nurse ..... 1,500.00  
Visiting Nurse ..... 1,500.00  
Chemist ..... 300.00

Total Salaries ..... \$5,100.00  
Laboratory Supplies ..... 200.00  
Stationery and postage ..... 200.00  
Incidentals ..... 150.00  
Office and furniture ..... 200.00

Total Operating ..... \$5,900.00  
Grand Total ..... \$6,010.00  
State's Share ..... 2,000.00

City's Share ..... \$4,010.00

**COUNTY BUDGET**  
Commissioner ..... \$2,400.00  
Clerk ..... 300.00  
Health Nurse ..... 1,500.00  
Deputies, emergency ..... 100.00

Total Salaries ..... \$4,300.00  
Office Supplies ..... \$ 150.00  
Medical Supplies ..... 300.00  
Motor Vehicle ..... 300.00

Rent, light, heat ..... 100.00  
Traveling Expenses ..... 50.00  
Total Operating ..... \$1,100.00  
Grand Total, county ..... \$5,400.00  
State's Share ..... \$2,000.00

County's Share ..... \$3,400.00  
"The foregoing budgets show that a total of \$11,140 is expended by the City of Sidney and the County of Shelby of which the State is expected to furnish \$4,000, the city \$4,010 and the County \$3,400.

"The tax duplicate of Sidney is approximately \$12,000,000, the total city rate for the current year is \$25.04 per \$1,000, the city receiving of this \$10.02 of which \$6.59 is for the sinking fund and \$4.83 for operating expenses. The rate for Health is 30 cents on each \$1,000, which will produce \$3,600 being about \$400 short of the budget.

"In addition to the operating expenses, the City of Sidney issued deficiency bonds in 1918 amounting to \$14,500 in 1920 to \$11,000 and in 1921 to \$18,000 or a total in the three years of \$43,500. The present Health Department was established in 1919 and the issuance of deficiency bonds began in that year, increasing from \$11,000 in 1920 to \$18,000 in 1921. The city and county do not form one single health department but are separate and are operating jointly on an oral agreement and in reality the plan is the same that has been adopted here except there is greater cooperation between the city and County."

The report was signed by the committee, composed of Dr. A. D. DeHaven, City Solicitor J. A. Finney and City Manager S. O. Hale.

## TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Menthosulphur from any good druggist and use it like cold cream.

### D. A. R. OFFICIAL DIES

Kenton, Oct. 27.—Mrs. Harriet Cornelia Allen, 63, wife of James H. Allen, and vice president of the Ohio Daughters of the American Revolution, is dead at her home here after an illness of several weeks. She took a prominent part during her life in state wide civic, religious, federated Club and welfare work.

### A WOMAN'S WAY

"I tried for four months to get my wife to try Mayr's Wonderful Remedy, which I know had helped a friend of mine who also suffered from stomach trouble. She insisted her case was different. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill and druggists everywhere.

Underwear

### Look for Values

when you buy underwear for yourself and the children.

Buy R. A. and get the fit, comfort and wear to which you are entitled.

Don't put up with skimpy poor fitting, short-lived underwear for the children. Buy R. A. with its roomy seats, full fit and long wear. Also Waist Suits.

No need to have bunched unions which nag at the armholes and gap at the seat. Buy R. A. and the long, wide, curved gusset will keep the seat closed and give you comfort.

With careful washing R. A. will last two or three times as long as ordinary underwear.

Ask the clerk for the many points of R. A.

## Health Committee Submits Figures Showing System In Sidney To Commission

Dr. A. D. DeHaven, member of the City Commission, and chairman of the city committee that investigated the health system in effect in Sidney and Shelby county Wednesday, will draft a health plan for Xenia that will be submitted to the City Commission at the next meeting.

This was the action resulting from the meeting of the commission Thursday night, at which time the committee reported the result of its investigation in Sidney and presented comparative figures of the cost of the Sidney health system with that of Xenia and Greene County and the difference in the operation of the two systems.

The report follows in part: "The department consists of a Health Commissioner and a Deputy, both jointly employed by the County and City, a Health Nurse for the county and one for the city and a visiting nurse for both county and city, the city paying this visiting nurse's salary, and the county furnishing her an automobile and paying for its upkeep. The city has a chemist, who makes a monthly examination of eight samples of milk collected from the distributors of the city. He also makes the necessary analyses in diphtheria cases.

"Dr. Arlington Allen is the commissioner and received a salary of \$3,600, two thirds of which is paid by the county and one third by the city. He devotes all of his time to the work, inspects the cattle of the milk producers for tuberculosis, inspects dairies, producing and distributing plants and other supplies sold in the city.

"Eight samples of milk are collected from the wagons of the distributors by the commissioner or his office force once a month and same are analyzed by the chemist, one copy of his report being filed in the commissioner's office and one given to the distributor.

"Blank forms for reports of various inspections are purchased directly from the Dayton Health Department, this method having been found less expensive than by having the same printed. A copy of each of these forms was presented to your committee and the same are now before you. The health budgets for the City of Sidney and the County of Shelby as allowed by the Budget Commission are as follows:

**CITY BUDGET**  
Commissioner .....\$1,200.00  
Deputy or Clerk ..... 660.00  
Health Nurse ..... 1,500.00  
Visiting Nurse ..... 1,500.00  
Chemist ..... 300.00

Total Salaries .....\$5,160.00  
Laboratory Supplies .....\$200.00  
Stationery and postage ..... 200.00  
Incidentals ..... 150.00  
Office and furniture ..... 200.00  
Legal Advertising ..... 100.00

Total Operating .....\$850.00  
Grand Total .....\$6,010.00  
State's Share ..... 2,000.00

City's Share .....\$4,010.00

**COUNTY BUDGET**  
Commissioner .....\$2,400.00  
Clerk ..... 300.00  
Health Nurse ..... 1,500.00  
Deputies, emergency ..... 100.00

Total Salaries .....\$4,300.00  
Office Supplies .....\$ 150.00  
Medical Supplies ..... 300.00  
Motor Vehicle ..... 300.00

Rent, light, heat ..... 100.00  
Traveling Expenses ..... 50.00  
Total Operating .....\$1,100.00  
Grand Total, county .....\$5,400.00  
State's Share .....\$2,000.00

County's Share .....\$3,400.00  
"The foregoing budgets show that a total of \$11,140 is expended by the City of Sidney and the County of Shelby of which the State is expected to furnish \$4,000, the city \$4,010 and the County \$3,400.

"The tax duplicate of Sidney is approximately \$12,000,000, the total city rate for the current year is \$25.04 per \$1,000, the city receiving of this \$10.02 of which \$5.59 is for the sinking fund and \$4.83 for operating expenses. The rate for Health is 30 cents on each \$1,000, which will produce \$3,600 being about \$400 short of the budget.

"In addition to the operating expenses, the City of Sidney issued deficiency bonds in 1918 amounting to \$14,500 in 1920 to \$11,000 and in 1921 to \$18,000 or a total in the three years of \$43,500. The present Health Department was established in 1919 and the issuance of deficiency bonds began in that year, increasing from \$11,000 in 1920 to \$18,000 in 1921. The city and county do not form one single health department but are separate and are operating jointly on an oral agreement and in reality the plan is the same that has been adopted here except there is greater cooperation between the city and county."

The report was signed by the committee, composed of Dr. A. D. DeHaven, City Solicitor J. A. Finney and City Manager S. O. Hale.

## TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

## D. A. R. OFFICIAL DIES

Kenton, Oct. 27.—Mrs. Harriet Cornelia Allen, 63, wife of James H. Allen, and vice president of the Ohio Daughters of the American Revolution, is dead at her home here after an illness of several weeks. She took a prominent part during her life in state wide civic, religious, federated Club and welfare work.

## A WOMAN'S WAY

"I tried for four months to get my wife to try Mayr's Wonderful Remedy, which I know had helped a friend of mine who also suffered from stomach trouble. She insisted her case was different. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill and druggists everywhere.

## Underwear

### Look for Values

when you buy underwear for yourself and the children.

Buy R. A. and get the fit, comfort and wear to which you are entitled.

Don't put up with skimpy poor fitting, short-lived underwear for the children. Buy R. A. with its roomy seats, full fit and long wear. Also Waist Suits.

No need to have bunched unions which nag at the armholes and gap at the seat. Buy R. A. and the long, wide, curved gusset will keep the seat closed and give you comfort.

With careful washing R. A. will last two or three times as long as ordinary underwear.

# RUSSIA CLAIMS TO HAVE INVENTED THE WAR TANK

Moscow, Oct. 27.—A trial court in England decided that Winston Churchill invented the military "tank." Later there was some proof that Kitchener thought of it first. And now comes a Russian, one A. A. Porohovshchikoff, claiming to have invented the tank, to have made a tank and to have operated it long before the date of either British claim. The priority of Churchill bears the date March, 1916. The Kitchener claim is earlier—October, 1914—but his project was not realized. At the very outbreak of the war, in August, the principle of the tank was put forward in Russia, and before the end of the year 1914 a model was made. On May 18, 1915, a trial of a completed tank was made at Riga and was the subject of a military report (No. 4,563) bearing the date June 20, 1915.

In the Lavstia office in Moscow are two documentary proofs of this claim. One is a photograph of the tank and the other is a newspaper 14,572, dated September 29, 1916, describes the tank and its operation. The military report (made June, 1915) is signed by General Kaulbars and reads as follows:

"It is proven that this machine, called 'Vezdehod' ('Going Everywhere'), going over deep sand at the rate of twenty five vergs an hour. At the average rate of speed it has crossed a ravine three metres wide, one and one-fourth metres deep and with sides sloping at an angle of 40 degrees. All considerable roughness of territory it took at full speed. Its turning about was highly satisfactory. In general it could travel on roads where ordinary autos could not go." The report further states: "In view of our lack of technical means the project was sent to England."

Porohovshchikoff was the owner of an experimental laboratory and had previously made some inventions in aviation. In his initial proposal to make a machine which could go without roads he offered two variants, one with one chain and one with two. It is stated that his trial tank contained all the parts now found in the best kind of tank.

## Delivering \$1,000,000 Every Month to Russia via Food Package System

**Making Up Food Packages**  
A.R.A. Food Remittance Warehouse, Moscow

**The "Ultimate" Consumer**

**The Packages Being Loaded for Delivery in Moscow**

A business whose gross income has averaged nearly \$1,000,000 monthly for a period of nine months without any profits to its conductors does not sound like a remunerative proposition, and calculated in dollars and cents it is not. But the hundreds of thousands of Russian men and women who represent the army of consumers of food packages, purchased by their friends and relatives in this country through the American Relief Administration, will testify that the operation brought them inestimable happiness.

The A. R. A. has announced that during the nine months ending October 1 applications for purchase of ten-dollar food packages aggregating more than \$8,000,000 have been received at New York headquarters, 42 Broadway.

When remittances reach Moscow, whence they are sent by courier from London, they are forwarded by the A. R. A. courier service in Russia directly to the district in which the designated beneficiary is located. The food packages are made up in the big Food Remittance warehouse at Moscow, two scenes of which are shown above, and shipped by rail and motor truck to the districts. Every district is kept so that delivery of the food package is almost simultaneous with the receipt of the remittance.

The A. R. A. Food Remittance system was inaugurated two years ago during the feeding operations in Eastern and Central Europe, and provided a means whereby adults in the stricken countries could be reached by friends and relatives in this country. The food package has been so standardized that by purchasing the products that make it up in large quantities the A. R. A. has been able to deliver more than ten dollars' worth of food, at market prices, in each package, despite the fact that twenty-five per cent of all Food Remittances is taken out and set aside for child feeding.

The package, delivered in two wooden containers, consists of 49 pounds of flour, 25 of rice, 20 cans of evaporated milk, ten pounds of sugar, ten of lard and three of tea, well supplied by the Moscow depot, so that delivery of the food package is almost simultaneous with the receipt of the remittance.

Following the announcement that it will continue to feed 1,300,000 children and probably a million adults during the approaching winter, the American Relief Administration has further announced that food package deliveries will be continued. Money may be sent, either for specified beneficiaries or for general relief, to the Russian Food Remittance Department, American Relief Administration, 42 Broadway, New York.

# Mrs. Mabel Francis

"Tanlac helped me back to good health two years ago and I am still feeling fine," recently said Mrs. Mabel I. Francis, highly esteemed resident of 628 S. Linwood Ave., Baltimore, Maryland.

"Before taking the medicine I suffered from a nervous breakdown and was in an awful condition. I scarcely had strength and energy to handle a broom and my household was drudgery to me.

"The first bottle of Tanlac made such a wonderful improvement in my condition that I was both surprised and delighted. So I stuck to it and a few bottles built me up ten pounds and made me feel as if I had never had a sick day. My health has been fine ever since."

NOTE—The International Proprietary Co., distributors of Tanlac, have on file in their offices at Atlanta, Ga., over fifty thousand signed statements from representative men and women from every State in the Union and every Province of Canada. Many of these are from prominent people in this city and section and have been previously published in this paper.

Tanlac is sold by all good druggists.

## RUSSIA CLAIMS TO HAVE INVENTED THE WAR TANK

Moscow, Oct. 27.—A trial court in England decided that Winston Churchill invented the military "tank." Later there was some proof that Kitchener thought of it first. And now comes a Russian, one A. A. Porohovitchikoff, claiming to have invented the tank, to have made a tank and to have operated it long before the date of either British claim.

The priority of Churchill bears the date March, 1916. The Kitchener claim is earlier—October, 1914—but his project was not realized. At the very outbreak of the war, in August, the principle of the tank was put forward in Russia, and before the end of the year 1914 a model was made. On May 18, 1915, a trial of a completed tank was made at Riga and was the subject of a military report (No. 4,563) bearing the date, June 20, 1915.

In the Izvestia office in Moscow are two documentary proofs of this claim. One is a photograph of the tank and the other is a newspaper clipping, dated September 29, 1916, describing the tank and its operation. The military report (made June, 1915) is signed by General Kaulbars and reads as follows:

"It is proven that this machine, called 'Vezdekhod' (Going Everywhere), going over deep sand at the rate of twenty five versts an hour. At the average rate of speed it has crossed a ravine three metres wide, one and one-fourth metres deep and with sides sloping at an angle of 40 degrees. All considerable roughness of territory it took at full speed. Its turning about was highly satisfactory. In general it could travel on roads, where ordinary autos could not go." The report further states: "In view of our lack of technical means the project was sent to England."

Porohovitchikoff was the owner of an experimental laboratory and had previously made some inventions in aviation. In his initial proposal to make a machine which could go without roads he offered two variants, one with one chain and one with two. It is stated that his trial tank contained all the parts now found in the best kind of tank.

## Uncle Sam's Biggest Country Store Delivering \$1,000,000 Every Month to Russia via Food Package System

Making Up Food Packages  
A. R. A. Food Remittance  
Warehouse, Moscow

The "Ultimate"  
Consumer

The Packages Being  
Loaded for Delivery  
in Moscow

A business whose gross income has averaged nearly \$1,000,000 monthly for a period of nine months without any profits to its conductors does not sound like a remunerative proposition, and calculated in dollars and cents it is not. But the hundreds of thousands of Russian men and women who represent the army of consumers of food packages, purchased by their friends and relatives in this country through the American Relief Administration, will testify that the operation brought them inestimable happiness.

The A. R. A. has announced that during the nine months ending October 1 applications for purchase of ten-dollar food packages aggregating more than \$8,000,000 have been received at New York headquarters, 42 Broadway.

When remittances reach Moscow, whence they are sent by courier from London, they are forwarded by the A. R. A. courier service in

Russia directly to the district in which the designated beneficiary is located. The food packages are made up in the big Food Remittance warehouse at Moscow, two scenes of which are shown above, and shipped by rail and motor truck to the districts. Every district is kept well supplied by the Moscow depot, so that delivery of the food package is almost simultaneous with the receipt of the remittance.

The A. R. A. Food Remittance system was inaugurated two years ago during the feeding operations in Eastern and Central Europe, and provided a means whereby adults in the stricken countries could be reached by friends and relatives in this country. The food package has been so standardized that by purchasing the products that make it up in large quantities the A. R. A. has been able to deliver more than ten dollars' worth of food, at market prices, in each package, despite

the fact that twenty-five per cent of all Food Remittances is taken out and set aside for child feeding.

The package, delivered in two wooden containers, consists of 49 pounds of flour, 25 of rice, 20 cans of evaporated milk, ten pounds of sugar, ten of lard and three of tea, or 120 pounds in all. In Russia today, were it possible to purchase all of these ingredients, the package would cost in the neighborhood of 100,000,000 rubles.

Following the announcement that it will continue to feed 1,300,000 children and probably a million adults during the approaching winter, the American Relief Administration has further announced that food package deliveries will be continued. Money may be sent, either for specified beneficiaries or for general relief, to the Russian Food Remittance Department, American Relief Administration, 42 Broadway, New York.

## SUNDAY TO OPEN DAYTON CAMPAIGN

"Billy" Sunday famous evangelist, will open his campaign in Dayton, Sunday morning at 10:45 o'clock at the new Sunday tabernacle it is announced.

Sunday and his party will arrive in Dayton Saturday afternoon at 5:07 o'clock from Winona Lake, Ind. and will be met at the station by a reception committee composed of clergy and laymen of the churches cooperating in the meeting and headed by the American Legion Drum and Bugle Corps. Sunday and his party will be escorted to the Miami Hotel, where his headquarters will be during the campaign.

Cooperating churches in the campaign in Dayton will not observe the regular Sunday morning services, but will unite with the regular evangelistic services and members of those congregations will attend the services at the tabernacle, several of them in a body.

## LEWIS POST W. R. C. WILL STAGE PLAY NOVEMBER 2

Lewis Post, No. 29, Woman's Relief Corps, is placing posters about the city calling attention to a performance at the Bijou theater to be given Thursday, November 2 for the benefit of the W. R. C.

The public is urged to secure tickets from any member of the organization and to enjoy the show at popular prices.

## NEW MODEL FORD SEDAN HAS ALUMINUM BODY

The Bryant Auto Sales Company of this city is heralding the coming of the new four-door Ford Sedan, which is now being manufactured at the Ford factory and will be ready for distribution shortly.

None of the four-door models have been received at the local agency yet.

The new car will have all-aluminum body panels and although it will be three inches longer than the present two-door type, it will weigh 80 pounds less than the present sedan model because of the use of aluminum in the body construction.

## TO BE BURIED HERE

Funeral services for Charles Burdell, former Xenian, who died suddenly in Greenfield Thursday morning, will be held at the home, 72 Huffman Avenue, Dayton, Saturday afternoon at two o'clock.

The body will be brought to Xenia for burial at Woodland Cemetery. Mr. Burdell was a member of St. Paul's Church, Dayton and was also a member of Xenia Lodge, No. 54, I. O. O. F., of this city, where a major portion of his life was spent.

## BABY CLINIC GROWS

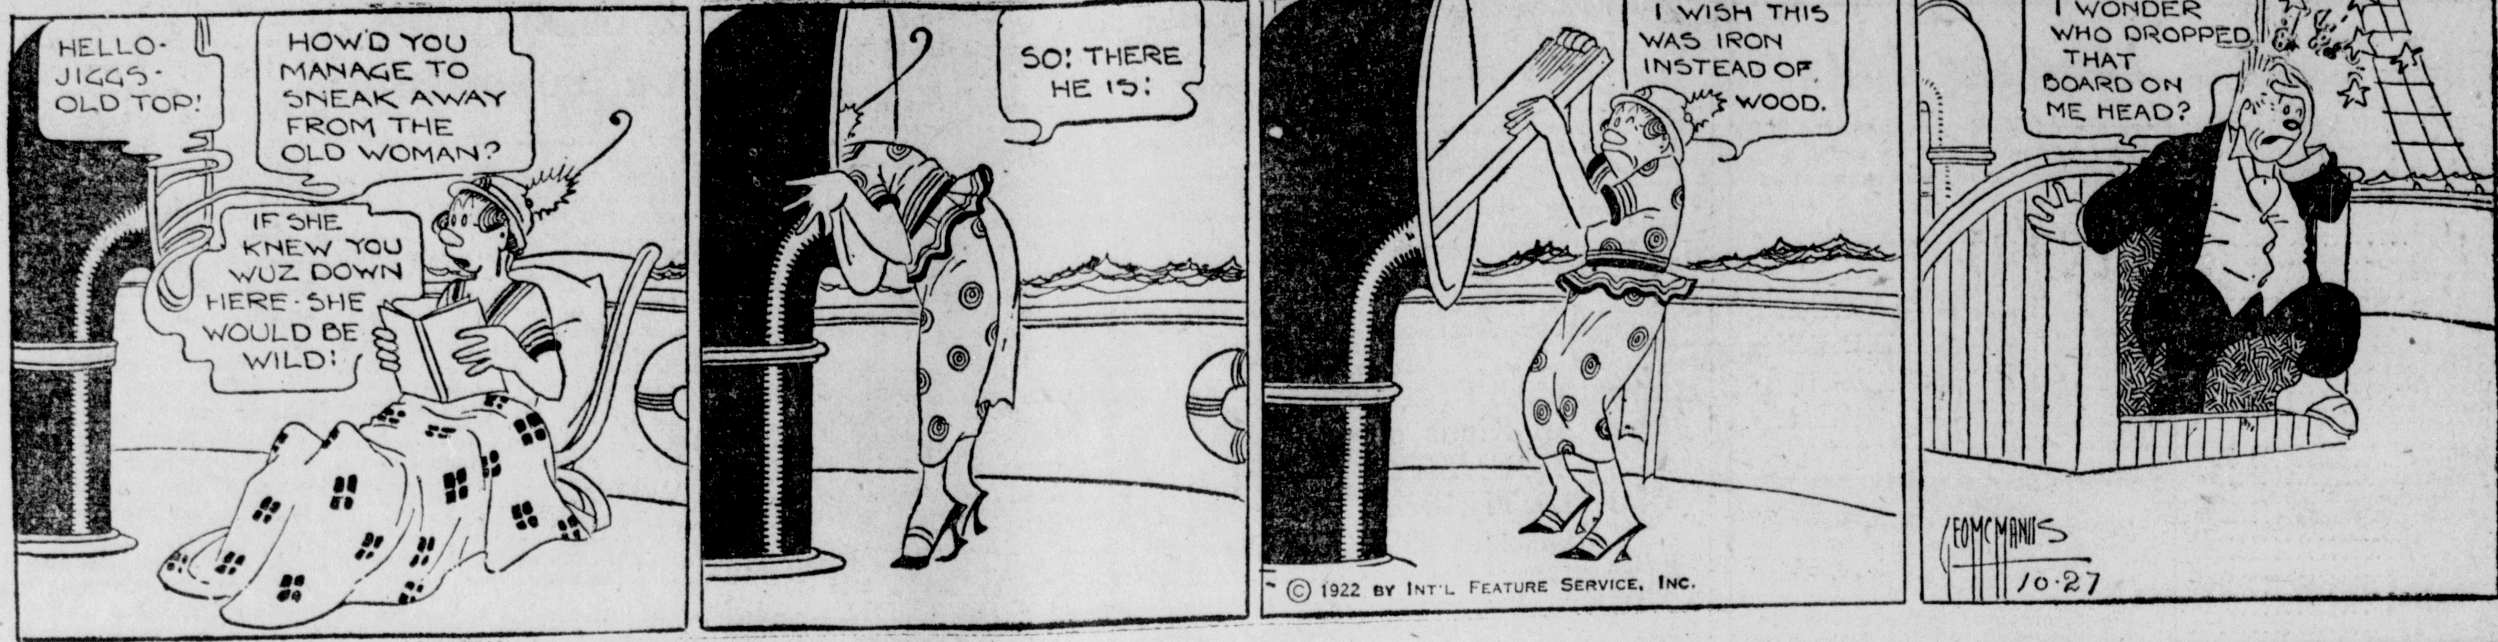

The Social Service League baby clinic sponsored by the Kiwanis Club is growing with each succeeding week, as evidenced by the presence of thirteen babies at the clinic held Thursday.

As a result of the clinic, the young patients will undergo a course of treatment for various defects including undernourishment, defective eyes and other ailments.

## Efficient Housekeeping

BY Laura A. Kirkman

**HAVE YOU TRIED THESE PICKLES?**

Column Readers have kindly sent me these pickle recipes, to publish for the benefit of other housekeepers:

**E. L. C. "My Grape Juice":** Wash the grapes and drain. Take one large cup of grapes and one small cup of sugar; put these in a sterilized quart-size glass jar, or bottle, seal air tight at once. Let stand three or four months. When you use it, do not dilute it. It will not keep for years because you will drink it all before that!

**A Reader: "Chile Sauce":** 25 good-sized ripe tomatoes, ten medium-sized onions, six green peppers, with seeds removed, one bunch of celery; grind all these vegetables quite fine and then add to them the following: three cups of granulated sugar, three cups of vinegar, two tablespoons of salt and one-half tablespoon each of ground allspice, cinnamon, and cloves. Put the mixture over the fire in a granite kettle and let it cool slowly for three hours, stirring often to prevent burning. Turn it into hot glass jars which have been sterilized (that is, boiled ten minutes, empty, in clean water) and seal airtight at once.

**Mrs. G. W. "Sliced Cucumber Pickles":** Let one gallon of large sliced cucumbers stand in a weak brine for two or three hours, then drain well. Put them in your preserving kettle with one and one-half cups of sugar and one quart of vinegar two teaspoons of celery seed and one-half teaspoon of turmeric. Let boil for 20 minutes and seal airtight in sterilized jars at once. Very good. Here is another pickling recipe:

**Cucumber Relish:** Soak one peck of large chopped cucumbers nine chopped onions and six chopped green peppers in a weak brine for three hours, then drain well. This weak brine is made by combining one-half cup of salt and one gallon of cold water. Put the drained vegetables in your preserving kettle with two quarts of vinegar, two tablespoons of celery seed, one tablespoon of white mustard seed and one pound of granulated sugar. Let cook for 20 minutes, then turn into hot, sterilized bottles and seal airtight by dipping the corked bottle-neck into melted paraffin. It may be too late to use the following recipe—but it may be kept for next year:

**Corn Relish:** Cook together for 20 minutes the following ingredients: One head of cabbage chopped, one large bunch of celery chopped, four large chopped onions, three green peppers (seeds removed) which have also been put through the meat grinder, two quarts of vinegar one-half cup of salt and one tablespoon of ground mustard. At the end of this 20 minute cooking period add the kernels from 16 ears of corn and one and one-half cups of granulated sugar cook for 20 minutes more, and seal airtight at once in sterilized glass jars.

## TWO GIRLS SERIOUSLY INJURED IN ACCIDENT

Cincinnati, Oct. 27.—Sylvia Over-shauer, 21, Louisville, Ky., and Emma Lienbrink 21, Cincinnati, are in a serious condition in St. Mary's hospital here from injuries received when an automobile containing two couples crashed into a telegraph pole on Harrison Avenue late last night. Both girls received probable skull fractures in addition to numerous deep cuts and bruises on the head and body. Karl Runk, 25, driver of the car, also was cut and bruised, while Jack McLaughlin, the other man, escaped uninjured. Runk was unable to explain how he lost control of the car, saying that he was driving at a moderate speed.

### CHAPTERS FROM A WOMAN'S ... Chapter 11.

Claire and Grace were chatting and under cover of their conversation, George said quietly:

"She did it that time Doreen."

"Did what?" I asked.

"Don't you care! I knew she was going to make you jealous before the day was over. Don't be an idiot, Doreen. Take a leaf out of her book."

"I don't know what you mean?"

At my reply he turned unbelieving flinty eyes upon me. Suddenly it came over me that George Harter was pretending to be interested in me, Walter Pages' wife. I never for a moment thought it anything but pretense. I had heard of his escapades, never had liked him because of the gossip, although he could be most fascinating when he chose.

"Bring Walter to time by doing as he does! Anyone can see he is hip-pled over that Ralstrom girl," he again leaned toward me, that peculiar look in his eyes.

"Stop flirting with Doreen and watch your car," Grace called.

"Was I flirting?" Harter responded with perfect good-nature.

"You know you were!" Grace replied. "But you may as well save your ammunition. Doreen happens to be in love with Walter."

"Are you, Doreen?" George asked with just the least bit of a sneer.

"Of course I am! Very much in love," I replied.

"Poor girl!" George whispered, then said little more until just before he dropped me off at my home. Then he remarked: "Think about what I said, Doreen. She'll get him sooner or later. I know the symptoms. Why not enjoy yourself too?"

I made no reply, but after I stood on the curb I thanked them for bringing me home, said I had an enjoyable day, and the other conventional things we all say under the same conditions. Then they drove off, a look of pity

flashing in Claire's eyes as she said goodbye. Did she too think Helen Ralstrom would take Walter from me?

I watched from the window until Walter came in. They had been ahead of us all the way, Walter driving faster than George. He always drove as fast as he could without being arrested. He loved the swift motion.

"The end of a perfect day!" he exclaimed as he threw himself into a chair. "We must picnic often."

"I was awfully disappointed not to come home in the roadster with you. I don't think Miss Ralstrom had any right to take my place," I replied, a little of the indignation I felt in my voice.

"Don't be a grouch, Doreen. It was my fault. Helen said she enjoyed riding with me because I drove better and faster than George did; and I suggested you and she change places going home."

"I hope you won't do it again," I said.

"Of all things! Making a fuss and spoiling the day by ragging me because Helen rode home with me at my invitation. I declare, Doreen, one would think you a child instead of a grown woman."

I kept back the tears by sheer force of will. But the evening was spoiled for both of us. He groused until bed time while I sat pretending to read. In reality I was thinking that as he had suggested she ride with him, he must prefer her company to mine.

Had George seen deeper than I thought? Did he know things I did not? Grace had spoken of seeing Helen and Walter often; had George also seen them?

About 11 o'clock Walter said: "Get on your duds! I want a rare-bit." There was a restaurant near that made them just to suit him, and we went there late at night for supper.

I hurried to get ready, glad of anything to change the tension. The rarebit was exceptionally good, and Walter, his good-nature restored,

chatted gayly. On our way home he tucked my hand into his arm, talked of what we should do when the warm weather came on, where we would go. He had, as usual, forgotten his pique as soon as something else interested him, and after we reached home late as it was, got out his maps and planned a little automobile trip for later in the summer.

"He's just a spoiled boy!" I said to myself as he kissed me goodnight, and told me how prettily my hair was arranged.

## SURPRISE TESTIMONY IS GIVEN AT HEARING

Cincinnati, Oct. 27.—Surprise testimony in the trial of Schaller Brewing company officials yesterday afternoon on charges of manufacturing and selling "real" beer developed the fact here in U. S. court that the product of the brewery had been sold at \$18 a barrel but entered on the company's books at only \$9.20.

Michael Hilsinger, receiver for the company, admitted in his testimony that he had deposited the separate amounts received for the beverage under two different accounts at the same bank but did not explain why the business was so conducted. Efforts will be made to learn more about the "mysterious \$8.80" when the trial is resumed today.

## SUNDAY TO OPEN DAYTON CAMPAIGN

"Billy" Sunday famous evangelist, will open his campaign in Dayton, Sunday morning at 10:45 o'clock at the new Sunday tabernacle it is announced.

Sunday and his party will arrive in Dayton Saturday afternoon at 6:07 o'clock from Winona Lake, Ind., and will be met at the station by a reception committee composed of clergy and laymen of the churches cooperating in the meeting and headed by the American Legion Drum and Bugle Corps. Sunday and his party will be escorted to the Miami Hotel, where his headquarters will be during the campaign.

Cooperating churches in the campaign in Dayton will not observe the regular Sunday morning services, but will unite with the regular evangelistic services and members of these congregations will attend the services at the tabernacle, several of them in a body.

## LEWIS POST W. R. C. WILL STAGE PLAY NOVEMBER 2

Lewis Post, No. 29, Woman's Relief Corps, is placing posters about the city calling attention to a performance at the Bijou theater to be given Thursday, November 2, for the benefit of the W. R. C.

The public is urged to secure tickets from any member of the organization and to enjoy the show at popular prices.

## NEW MODEL FORD SEDAN HAS ALUMINUM BODY

The Bryant Auto Sales Company of this city is heralding the coming of the new four-door Ford Sedan, which is now being manufactured at the Ford factory and will be ready for distribution shortly.

None of the four-door models have been received at the local agency yet.

The new car will have all-aluminum body panels, and although it will be three inches longer than the present two-door type, it will weigh 80 pounds less than the present sedan model, because of the use of aluminum in the body construction.

## TO BE BURIED HERE

Funeral services for Charles Burdell, former Xenian, who died suddenly in Greenfield Thursday morning, will be held at the home, 72 Huffman Avenue, Dayton, Saturday afternoon at two o'clock.

The body will be brought to Xenia for burial at Woodland Cemetery. Mr. Burdell was a member of St. Paul's Church, Dayton and was also a member of Xenia Lodge, No. 52, I. O. O. F., of this city, where a major portion of his life was spent.

## BABY CLINIC GROWS

The Social Service League baby clinic, sponsored by the Kiwanis Club, is growing with each succeeding week, as evidenced by the presence of thirteen babies at the clinic held Thursday.

As a result of the clinic, the young patients will undergo a course of treatment for various defects, including undernourishment, defective eyes and other ailments.
